**MR. AND MRS. CONSUMER,**  
Farmington and Vicinity.

**DEAR FRIENDS:—**

There is always satisfaction in knowing that you're getting the **VERY BEST** merchandise—quality, newness, everything that goes to give satisfaction.

We have been for many weeks telling you that the early buyer would profit. As time passes every development convinces us of the correctness of our forecast. Prices on most commodities will be much higher, many items are ungettable today, and it is yet six to ten months before new supplies can be expected. We are heavily stocked to care for your wants, at prices in many instances lower than we can replace the goods for.

For this store and its trustful patrons no goods made can be too honestly made, or too correctly labeled, or too fairly priced in plain figures—the same to everybody:
