# Ico Many Operations

The Right Medicine in Many Cases Does Better than the Surgeon's Knife. Tribute to Lydia E. Pinkham's Vegetable Compound.

Doctor Said Operation or Death-But Medicine Cured.

Destor Said Operation or Death—But Medicine Cured.

Des Moines, Iowa.—"My husband says I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound. I suffered from a serious female trouble and the dectors said I could not live one year without an operation. My husband objected to the operation and had me try Lydia E. Pinkham's Vegetable Compound. I sand able to do my own of the second of the most of the control of the

COBAEA SCANDENS

COBACA SCANDENS

Cohaca scindens is a rapid-growing climbing frie which is easily propagated front seed. The dark color and refined character of its follage, to gether with its bell-shaped showers, reader it a very satisfactory vine for covering trond areas. It is a less rampant grower than the moondower, but furnishes quite as satisfactory as screen inide up of much fine! reives. The showers are not conspicuous, because of their modest colors and because they are hidden by the foliage. Their fore, however, is pleasing and they are speed during the day.

Por success in the elimate of Washington, D. C. seeds of the cobaca scandens should be sown about March 10 in a rich compost. When the young seedlings have developed their lives true leaves, they should be transferred to three-glace hops or to tomate came to the colored should be sown about March 10 in a rich compost.
