### You Take No Chances in Buying a Saxon

You may look for longer service, better per-formance and lower up-keep bills from your Saxon than from any other car of like price. And you will not be disappointed.

If there was any doubt that Saxon cars are the best in their respective divisions it has long since disappeared.

And the proof of this you will find, a thousand-fold over, in, the records of Saxon owners— and in the opinion of motor-car buyers in general, Saxon cars have definitely estab-lished their superiority in every phase of

motor car performance.

And just as surely and decisively as they have proved themselves abler acting cars, have they proved themselves cheaper cars to keep up.

To build cars of such quality and such value clearly reflects the strength and soundness and ability of the Saxon organization.
