"SKYLINE" LOGGING LATEST ern Methods of Western Campu Id to Be Cheaper and More cient Then the Old Ways

Said to Be. Cheaper and More Efficient Then the Old Ways

In the logging camps of Oregon and Washington a "Skyline" method of logging is providing much cheaper and more efficient than the former method of drigging out logs from the forest by a donkey engine and cables operating on the ground, says Popular Mechanics Magnatine. The skyline john is to run a cable through blocks or pulleys enspended at a great height on giant trees, so as to form a sort, of irrolley. It is by whith the logs are holdsed that the air and then hauled on the state of the size of the size and the rollway, there they are logded aboard frieght cars for allows the size of th
