Devoted to the upbuilding of Farmington and Oakland County

TO OUR SOLDIER BOYS.

Sunday night our enlisted boys left for Camp Grayling with the thirty-first regiment at Detroit amid a big demonstration. This is their first real step toward an entrance into the great world war, where they will face the enemies of democracy to give their very lives if necessary that we "back home" may enjoy the freedom and happiness of the past; that future generations may not be under the yoke of autocracy.

To them we say Godspeed, which is the least we can do. We are asking and expect much of you and we know we will not be disappointed. Our hope and prayer is for a speedy return with great honor of every boy who has gone and will go from our midst.

To those who remain at home we would admonish you to "do your bit" and more, for no matter now much your sacrifice it cannot equal that of those who have gone and will go to fight our battles. When asked for some sacrifice for their comfort or diversion in a strange land, remember that "your boy" may be next to receive the call to the colors.

Their needs will be great and their pleasures few when actually engaged in that terrible conflict, and we should make every effort possible for their comfort. Let's do "our bit" in every possible way.

One of the hardest positions ever given to an American citizen is that of a member of one of the exemption boards. Fairness to all is essential, while human nature tends to favor those who are considered friends and acquaintances. Put yourself in "his" place when you think of asking for unreasonable "favors."

About the only neutral nations in the world at present are Spain, Holland, Denmark, Norway, Sweden and Switzerland—15 nations lined up against Germany.

By a vote of 65 to 20 last week the U. S. senate voted for nationwide prohibition.
