LIMBS MADE OF CARDBOARD

Artificial Leg, Invented by Danish Doctor, Enables Wearer to Walk Soon

After Amputation.

A Danish idector at a hospital in

Parts has invented a cardboard leg
which cambies the wearer to go about
without cracking two days after his
timb has been amputated.

The materials used are two sheets
of cardboard about three-sixteenth of
an unch thick, and bandages soaked in
a starch solution. After careful measurements have been taken the cardboard its cull into what looks like two
page-tops, which after being soaked in
the bath fold round each other and are
secured with bundages.

The principle is that on segre the

The Married Life of Helen and Warren

By MABEL HERBERT URNER

WARREN'S SUNDAY MORNING INDOLENCE STARTS
HELEN ON AN OUTING ALONE

duttered out the mail curtains, and the strong sunlight lay across the bed. A clamorous chatter of birds filled the Sunday hush. "Oh, dear, it's clorius mortes."

"Oh, dear, it's a glorious morning." Helen at the Ad her pink, lacefrilled in man over the pillow. "Do let's get up?" "Sunday" in grunding protest, selling lower under the covera. "But dear, it's almost nine," sitting p with disturbing energy. "Only ddy I can sleep," shouldering ack the bedochtes. "Pull down those hades."

"Only day I can aleep," shouldering back the bedelothes. "Pull down those shades."

Reluctantly Helen darkened the room and again lay down. The shrilling sparrews and the slit of yellowing notes of the sun-bathed normaling hydron the street normal organization of the sun-glinted normal organization of the sun-glinted sean and the sun-glinted sean and the sun-glinted sean and the normaling normaling hydron of the sun-glinted sean and the normaling was the sun-glinted sean and the normaling was sun-glinted sean and the normaling was the sun-glinted sean and the normaling hydron or the sun-glinted sean and the normaling hydron or the sun-glinted sean and sunday was the only morning he could be in bed.

For a white she forced herself to lie still. Then, finding sleep impossible, obsolessir she slipped into hed dressing room.

"Will I start breakfast, ma'mn' Dora' was deading she didnig room.

"Will I start breakfast, ma'mn' Dora' was deading she didnig room.

"You not yet! Mr. Curits wants to sleep."

with the sask him."
Heaving the receiver off the hook, she rushed back to the bedroom.
The Stevenses are downstairs in the car, breathessly. "They want us to go out to the Fieldbrook club, but they can only watt ten minutes. Hurry, idea.—do hurry."
Ten minutes? I guess not? If they can't watt half an hour-tell 'em to can't watt half an hour-tell 'em to can't.

stood staring moodily out the window.
It was only in that first glinting some of that are saw his face light up.
Then he shook the sahes from his face review. The look litter, what brought you back?

"Oh, they won't get home before midnight! They're to have dinner there—and 1—I couldn't shy that long without you!" Drawing him to a charled the charm of the light in the charman of the light in the light in

The Potato Blessing.
Riding outside the city, one will not fall to see the wide expanse of pounts proving lexuriously, and forthwith he indulges in antidipations of the potential proving the pole. But clouding, these anticipations is a dark fear that the aspectator will invade these premises and get nearly all these potentials which was not a seen and the seen and th decreed that no producer should sell to a mere speculator. There is no op-pression in that. Of course, it might stave off a little inconvenience, but it will pay in the end. Let us hope that the beautiful potato prospect will turn out a public blessing.

The wity journalist was conversing vih a friend about raising carp in points for food. The friend remarks that such a food supply would not be much in demand liere, but that the Germans will eat anything," remarked the witty journalist, but the mediately qualified his remark. "That is, when they can get anything to cat."

Tomorro's Best Tip.
Good deeds are as golden
drawing interest.

The wise worm doesn't craw out until after the early bird has eaten his soon as they begin to come out on top.

A Message to Mothers

You know the real human doctors right around in your neighborhood? The doctors with the doctors with coals and bearia; these men who are responding to your call in the doct of night as readily as in the broad daylight; they are ready to tell you the good that Fietcher's Castoria his done, is doing and will do, from their experience and their port of children.

Fitcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the imperance of buying Fietcher's.

of buying Fletcher's.

Your physician will be you this, as he knows there are a number of initations on the market, and he is particularly interested in the welfare of your haby.
