## Detroit Theatres

For the week starting Monday night, October 1, the Vaudeville Glass company will present for the first time in Detroit a farce-comedy, "The Seven Sisters". This story concerns a fascinating young couple of seven unmarried daughters, six of the girls are at the home of the mother, the widow of an army officer, and the other is at a convent. This girl is for the best looking and is for this reason she is kept out of the way until her other sisters have secured spouses. A thunderbolt is cast into the sky of domestic happiness by the appearance of this fourth daughter who calmly announces that she has been released from the convent. This strikes terror to the heart of the widowed mother, for she does not believe there will now be a chance to marry the other girls with the most attractive one at home.

MADISON.  
A screen comedy that will prove a most effective antidote for the blues or anything faintly resembling them is "Hastin-Hastin" a fascinating film version of Wallace Irwin's own Japanese school-boy mysteries which are so familiar to readers of his magazines and newspapers of this country. The attraction is booked for the week of September 20.  
Sessue Hayakawa will impregnate the amusing young Jap.  
The picture is from his native land by the wife of a teacher's brother, the young boy's dream is to become a famous actor. He is now contented to take position as "ship's boy" on a boat bound for America.

# WHY SACRIFICE QUALITY FOR "THE SAME PRICE?"

Don't be tricked into buying something you may soon wish you didn't own. Keep an ever watchful eye on the QUALITY of the clothes you buy this fall and see to it that you GET QUALITY—not PROMISES. "The Same Price" will have no appeal for you if you find you cannot get the SAME QUALITY. Raw wool, which formerly sold at 18c per pound, is now 50c to 60c. There was a time when all-wool fabrics were only \$1.25 to \$1.50 per yard. NOW they cost DOUBLE THAT. Linings that sold for 25c to 30c are NOW 55c. So you can understand WHY ALL clothing dealers who have MAINTAINED their quality standard have RAISED their prices.

## Suits Topcoats Overcoats Raincoats Evening Clothes

Only \$17 1/2 Worth \$10 More

BOND'S CLOTHES will appeal to the thinking man, who wants real quality at a nominal price. We now number among our REGULAR patrons men who thought it necessary to have their clothes tailor-made; they've found out this is NOT necessary. Others of our regular patrons paid a retailer at least \$10 more than Bond's price for clothes that were in no way BETTER than Bond's. It is such men as these who APPRECIATE BOND QUALITY.

## A Wonderful Assortment of New York Fashions

Bond's Clothes are New York styles and New York made—and when it comes to exclusive models, we show three to any other store's one. This because our designer, an authority on men's fashions, is ever on the alert to create something different.  
Bond's show windows look like a section taken from the shopping district of Fifth Avenue. Here you see new styles—and better styles, and you and them here months before any other stores show them.  
It doesn't matter what your size or shape may be—you can be fitted at Bond's. Our stocks include models for the short, stout man, the tall thin man, the man who "has a waist line" and the man who hasn't.  
Certainly, from among these hundreds of garments, you can find one that satisfies you in every detail. And the time that it takes you is now.

Couldn't Fease Uncle Bl.  
"So she took your old uncle from Vermont to the banquet last night? Didn't the profusion of cutlery at his plate bother him?" "It did at first. Then he gave it up, pushed his three forks aside, and proceeded to eat with his knife."—Boston Evening Transcript.

Fine Canal Locks.  
Some of the locks of the New York barge canal are the finest in the world, the five at Waterford being the greatest series of high lift locks in existence. They have a combined lift of 198 feet, one foot less than the total lift of every lock in the Panama canal. The upper gates weigh 40 tons and the lower about 100 tons.

Propriety.  
"Now, girls, shall I cut your hair and my name in the bark of this tree?" "I suppose there will be nothing to criticize in that," said the dear girl, "provided you also cut the name of my chaparran."—Seattle Post-Intelligencer.

Quite Natural.  
"Old friends are best."  
"I know. Still, we all like to make new friends. We can chuck a bluff before them for awhile. The old friends have our number."—Louisville Courier-Journal.

The Patient's View.  
"I'm afraid," said the doctor calmly, "that I shall have to operate."  
"Afraid!" growled the patient.  
"Afraid you'll have to operate! You know darn well you're hoping you'll have to."—Detroit Free Press.

Strawson Effort.  
"That fellow has never made the least effort to support himself."  
"Oh, yes, he has. To my certain knowledge, he's proposed to every girl with money he could meet."—Baltimore American.
