

THE NEW LIBERTY LOAN

Will occupy the minds of our country all of October. Farmington is going to do her share, as she always does. We feel that with patriotic co-operation the local Liberty Bond Committees will reach any goal that is set for them. This Bank stands ready to shoulder its full share of the burden.

You can depend on US. The government depends on us BOTH.

Our liner column produced many results last week, and is continually becoming more popular with those who have anything to sell, or want to purchase anything. Don't fail to read it every week. Its use to both buyers and sellers is oftentimes worth more than the price of a year's subscription to the paper.

An effort is being made to see that every man from this vicinity who is serving in the army and navy gets the Enterprise regularly. Please help us by keeping us posted on the addresses. Also let us have their letters for publication. They will greatly appreciate the paper from home and a little co-operation will get it to them.

Cook & Co.'s Motto:

To serve when called is good. To find ways to serve between calls is even better. It is the unexpected service which pleases most—even though very often of a trivial character. There are certain things which people expect; their presence occasions no comment, their absence a kick. But the service which anticipates and supplies little wants seldom fails of generous appreciation. "SERVICE AND QUALITY" will be our motto from now on. COOK & CO.
