plained the movement of the

work he has accomplished during
the summer months.Supervisor James Hogle, who
has been chairman of the board
for the past two years, was given
a chairmanship of two commit-
tees, that of equalization and the
committee to settle with the
county treasurer.County Drain Commissioner
James S. Butler, in his report
stated that 44 drain jobs had
either been completed or were in
course of construction, and that
11 more would soon be adver-
tised.Sheriff Green's bill for con-
ducting the jail from January 1,
1917, to October 1, 1917, has been
presented to the Board of Super-
visors and turned over to the
miscellaneous committee for ad-
judging.For nine months the bill totals
\$17,252.20 during which time
there were 1802 arrests madeand fines and costs collected
amount to \$19,777.75, the highest
number of arrests ever made and
the largest amount in fines and
costs ever collected in nine months
under any sheriff in the history
of Oakland county. The next
largest in comparison was that
of the year 1916 when, for nine
months from January 1st to Octo-
ber 1st, there were 898 arrests
and the fines and costs were
\$6,635.75, the sheriff's bill for
that period of time amounting to
\$10,455.60.In connection with Sheriff
Green's bill, an item of expense
to be considered is the operation
of two road camps, one in Ad-
dison township and one on Wood-
ward avenue. A total of 174
prisoners worked altogether 3,721
days on Oakland county high-
ways. The prisoners do the same
amount of work as a laborer who
would otherwise be paid \$2.50
per day and their employment
this year has proved to be a good
investment.Other large items of expense
include the arrest and work in
the case of Allan Livingston
charged with the murder of Hope
Alexander, this case amounting
to \$307.60. Others are Mike
Maricoff, \$1,200 forger; \$247.05;
Clarence Bally alias Gould, \$400
forgery; \$345.75; William Sanders,
forgery, \$156.15; Wilbur Labeck,
horse-stealing, \$154.60. Long term
prisoners sentenced in circuit
court to serve 6 months in Oak-
land county jail are William
Maher, Ray White and Claude
Simpson. Several other prisoners
have served 80 and 90 days each
while awaiting trial in circuit
court.During the first nine months
of Sheriff Green's term 34 men
have been taken to Jackson pri-
son, one to Ionia and 40 to the
Detroit House of Correction.**PROCLAMATION**TO THE CITIZENS OF FARM-
INGTON AND VICINITY:The United States Navy's call
for men has reached Michigan. It
is a call that should be considered
seriously by every citizen.The first call for sea fighters, to
combat the menace that has claim-
ed a heavy toll of American lives
and property came shortly after the
United States entered the war.
The Navy called for approximately
200,000 men to join the 50,000
who at the outbreak of the war
went forward to meet the enemy.The United States answered as it
should. Men arrived at the Navy
Training Stations by the thousands.
The Navy machinery had to turn
with lightning speed. A steady
stream of untrained men poured
into the stations and a steady
stream of well drilled fighting men
poured out, seaward. Every avail-
able foot of ground at these points
was covered with tents and tempo-
rary buildings to accommodate the
recruits, but finally the strain be-
came so great that restrictions had
to be placed on the recruiting.
Michigan was limited to thirty
men a week and for a while these
had to be sent to their homes until
room had been made for them at
the training stations.Now the Navy has caught up,
and by increasing accommodations
for recruits is now handling the
work swiftly and efficiently.Michigan has been notified that
the Navy is ready for more of its
men; that there are places in the
first line of defense beside the 6,000
or more red blooded sons of Michi-
gan now serving under the Stars
and Stripes on the high seas.I am informed by Edna D. J.
D. Coleman, the officer in charge
of this district, that not only is the
Navy the best paid branch of the
military service, but that the op-
portunities for advancement in it
are now unexcelled.The Navy, depending upon the
patriotism of Americans to enlist
in time of need and not being
able to get men by draft, I George
Francis, President of Farmington
Village, do issue this proclamation,
calling upon the citizens of Farm-
ington and vicinity to consider the
Navy's call, to enlist, or if they
cannot enlist, to urge eligible
young men to take their places be-
side Michigan's first 6,000 who are
now sweeping the seas to safeguard
the passage of American soldiers
and others who must go to foreign
lands. Every citizen should lend
a hand. Every citizen should do
his best. The Navy, the one
branch that has seen action in this
war up to this time, the Navy that
battered forward to crush the ene-
my the moment Congress said
"war," is calling for men, and
Michigan must answer as stoutly
and as gallantly as she did when
the first call sounded.GEORGE FRANCIS,
Village President.
Dated October 12, 1917.
