### SANATORIUM FOR OAKLAND

In at least three sections of the state agitation is in progress or is just beginning for the erection of tuberculosis sanatoriums as county institutions. In the upper peninsula agitation has been on for some time for a joint institution to be built by Delta, Dickinson and Menominee counties; in Genesee county signatures have been secured to a petition to the board of supervisors to erect a \$100,000 building in Atlas township; and the latest movement, yet in its early infancy, is in Oakland county.

Reports of the movement in this county have reached the Michigan Anti-tuberculosis association and that organization will try to help it along. While the movement originates in Oakland county, it is believed that several of the adjoining counties may fall in with the plan, and that it may result in a joint institution. Attempts are being made to interest Livingston, Macomb, St. Clair, Lapeer and Washtenaw counties.

The association of Charity and the Anti-tuberculosis society of Pontiac recently employed a visiting nurse for Pontiac, Miss Maude Toynton, and she is working for the movement of the establishment of a county sanatorium, declaring that it is much needed here.

On and after November 1st you will have to pay two cents to send a postal card through the mails and three cents for a letter (except a "drop" letter). Drop letters; those mailed for delivery at the office at which posted, require a two cent stamp. Nearly every article of consumption or service rendered in the United States carries a war tax for the purchaser to pay. Unless great care is taken much trouble will be experienced by the postoffices, as thousands of letters will be mailed without the required additional postage.

It is proposed at the next session of congress to amend the draft bill to include all men between the ages of 18 to 41, none to be called to service before they reach the age of 21 years. If the bill is so altered a new registration will be ordered. This will give the government 12,000,000 extra men to call if necessary, it is estimated.
