The are others, hands said, with dry lips. "Your father?" "He is dead. I cannot talk of him. This much I can tell you. The parish boxes was burned deliberately; it was planned and carefully carried out." "And you knew?" "I had forbidden it." "You had forbidden it." He went to her and caught her by he aboulders, fording her to look up into his face.

"You? Then all this time that you are seen what you must have seen in by eyes, you have been..." "...At the head of a hand of thieves."

At the head of a band of thieves, or said slowly. Inor suid slowly. Ward released her, and turning took slow survey of the room. "Then I suppose this is a trap?" he

said. "It is not a trap." Her voice was dead. "I opposed this—this plan from the start. That is the reason one of the men—of my friends—suspected that I—"

that I—" "Go on. What did he suspect?" "That I—but that doesn't matter. He barned the parish house and planned all this. Toolght he meant to get the money from you and I—was desperate. I could think of no other way."

despirate i could jumk of no other Ward's fails in her was slow to die. He took a step toward her, his hands out, then dropped them at his sides. "Then-the eight the parish house barned, when i came down in the dawn and faund you sitting there"-be jenched his hands-"ail the time you knew. You knew i And I had ihought-"

hought---" He went to the table and, opening he box, slipped the notes and money a contained into his pocket. Then he uttoned his coat about him. Elinor

"You are going back down the hill?" "You are going back down the hill?" "I am going home." He did not even tok at her.

"You are going back down the hulf" "I am going home", all did not even book at her." "If you would only go some place else," she said pitfully. "To the club, or to Min. Signal". A linear believed how the worst, i am trying to think of you toolght, not of myself." "I am going back to my home," said the assistant rector of Saint Judo's. He got as far as the door on to the ter-race, and there he turned. It was as if he dared not look at her, as if he meant to carry away with him some tenderer memory than of this white Upped, guitty woman before him. "If i seen hard," he said unstend-iny, "It is because I am amfering. You are quite, safe, of course. I shall not go to the police." Had he cared less be would have been more meeting. Old Henricite watched his figure as he went, down, the garden steps and "Simple-

he went down us such that in this house !", she "Strange things in this house !", she mumbled, shaking her head. "Preach-ers coming and yelog at all hours, and Edinor in a church this morning. Strange things, Hilary Kingston, since

HOGS PROFITABLE

Hogs Brought in From Pasture Should Be Kept in Good

KEEP THE APPETITE KEEN

Substitutes Must Be Provided for Suc culent Pasture - High Price of Pork Warrants Careful Feeding

By W. E. J. EDWARDS,

By W. E. J. EDWARDS, IDepartment of Animal. Husbandry, Michigan Agricultural College. East Lansing, Mich.--With the pice of pork abnormally high and still scar-ling, the wise farmer, is checkely study-time, the start of the study of the study that the interest and chempest gains will be produced in the shortest time. As the price of pork has advanced, all recding stuffs for hogs have advanced correspondungs, and in some cases to a greater extent, so it is essential that these high-priced feeds be used to the very best advantage. The proper bal-ancing of the ration important in nor-mal times, is doubly important now. The right amount of lean meak, bone and, fat-forming constituents should be fed so that there will be no loss. Hogs must have certain amounts of these constituents, bit I any one is a

GERMANS BRIBED THE UMPIRE

GERMANS BRIBED THE UMPIRE GERMANS BRIBED THE UMPIRE Carl' Emil Junck Tells How Teutons Are Tricky in Other Ways Than In War. Carl Emil Junck a dre importer of Chicago, was taking about Germany. "The German shift today is tricky, shifty and false," he said. The Ger-imans today thick it's ceiver to cheat. Their war, with its woldthin of every war law and every interactional agree-ment, is a cheating war. "Here is an Ilbustration of the Ger-many and the it's ceiver to cheat. Their war, with the piberfeld I organ-ment, is a cheating war. "Here is an Ilbustration of the Ger-many pitti ited in Fiberfeld I organ-ized in foothal tegin among the Elber-feld hoys. Gncc, when the team was to play a neighboring team. I gave the boss 100 marks ito buy shoes, leg guards or whatever would most help them to win. "Well, they wong but their shoes and leg guards were very old and shubby, and I said to the capitan after the game: "Glad you licked em, though cer-tainly some of the idecisions' were closs. But what id you do with the money I gave four?" "The capital answered with a know-ing smille: "You as aid, Herr Junck, that we were to use the money in any way that would best thep us to win; so of corre we made a present of it to the unu-pire."

A Unique Specimen. We once knew a man 20 or 27 pers ago who read the Congressional Rec-ord closely every iday and he is still alive. Indeed, he afterward went to congress and settled there. I has any-one heard of another reader of the Congressional Record 2-Columbia (S. C.) State.

Out of the Mouths of Babes, "Papa built mela wagon today." "Is that so? He must be smarter than he looks." Cleveland fire marshal recently or-dered 20 fire trap buildings demol-ished.
