Danger Signal**

"I suffered a long time with a very weak back, wrote Fred Smith, 222 Main St., Grand Rapids, Mich. 'I had boxes of Foley Kidney Pills completely relieved me of all nervousness and pain in the back, and now I am as strong and well as ever. One cannot help becoming nervous and feeling tired and worn up when the kidneys fail to filter and throw out of the system the poisonous waste matter that causes kidney troubles and bladder ailments. Backache is one of Nature's danger signals that the kidneys are clogged up and inactive. It is often caused by rheumatism, annoying bladder or urinary disorders, or by a swelling under the eyes, swollen ankles and painful joints. Foley Kidney Pills get right at the source of trouble. They invigorate the kidneys to healthy action and when the kidneys properly perform their function the poisonous waste matter is eliminated from the system."

most every man that drives a car—the rapid decline in  
the grade of gasoline.
