Every fighter in the U. S. army should take out insurance with the government, and every family having relatives in the army is urged to make it a point to see that it is done. The cost is small and the benefits great. Don't neglect this duty.

There is no royal road to food conservation. We can only accomplish this by the voluntary action of our whole people, each element in proportion to its means. It is a matter of equality of burden; a matter of minute saving and substitution at every point in the 20,000,000 kitchens, on the 20,000,000 dinner tables, and in the 2,000,000 manufacturing, wholesale and retail establishments of the country.
