"THE HIDDEN HAND"

Serial Picture to be Started Next Wednesday at Farmington Movie Theatre

Next Wednesday evening at 8 o'clock will be put on the screen at our local theatre the first episode of the "Hidden Hand," with Miss Doris Kenyon as the star. This production is said to be one of the most enthralling and interesting picture plays ever produced. The cast is composed of Miss Kenyon, Arline Pretty, Sheldon Lewis and Mahlon Hamilton, all stars.

The story, which is in 15 episodes, is full of mystery and tragedy, and will hold you spellbound during its entire rendition. The opening episode deals with a girl, of whom a mad Monk prophesies will be the most beautiful woman in the world, who will bring about the destruction of the Russian empire, and the emperor secures the girl baby, sends her to America to be raised by a millionaire, her identity being kept a secret.

Don't miss the opening episode next Wednesday evening, and watch the advertisement in the Enterprise every week for the next installment, a synopsis of which will be given in advance as the episodes appear.

Our Company Song

Close On the Beach at W.A.I.K.I.K.I.
Comb across the sea with Co. D,
And watch us make a rap,
We'll do our bit, 'Cause we are fit,
And turning over will
We did good by to U. S. A.
On deck we will dance,
The happiest men in all the world,
When our D. calls for France.
The Kaiser got ambitious,
Said this earth shall be for me,
But free men would not accept it,
Nasty men like Co. D.
We are going to get the Kaiser,
Just as sure as sure can be,
Though he's an easy riser,
To get the best of Co. D.
Stars and stripes shall float o'er you,
As long as strength shall last,
For we are Co. D. men,
And you know we will stand fast.

VILLAGE ELECTION

A week from Monday the citizens of Farmington will again be called upon to elect officers for the several village offices, and there being but one ticket printed on the ballot it seems like a sure thing that those nominated will have "easy sliding" in their scramble for the "very honorable positions" for which they were chosen.

While we, of course, being one of the "victims" think the ticket a good one; we also deplore the fact that there is so little interest in the welfare of the village by our citizens in general that they let an election be "pulled off" with a ballot only half printed.

Do you realize that you are not doing your duty by yourself, your village and its welfare and progress in allowing this condition to prevail.

Farmington is one of the best towns in the county, has better chances for progress and growth than most towns, if only her citizens are willing to "wake up" and boost for its progress.

There are many things to be accomplished in the coming 12 months, and the harder we work for their completion the better off we will find ourselves at the end of the year—financially, socially and politically.

While all of our village officials of the past year have put forth their best efforts in carrying forward the business matters of corporation there is a decided lack of interest on the part of our citizens, and Farmington will never develop to its rightful position among its sister villages and towns until our citizens work, and become vitally interested in its development and progress.

We are the most advantageously situated of any village along the line to put Farmington in first place among the villages surrounding the "big city," and the only drawback to our forging ahead as a municipality is the interest of our people in the welfare of the best town in Oakland county.

Think the matter over and see if you don't agree with us, and lets "wake up and do something worth while."

TEACH CHILDREN TO SAVE

A big campaign is on for the sale of Thrift, or War Savings Stamps, and every person is urged to pay the little folks for odd jobs in stamps. Instead of furnishing your children with a "bank," teach them to put their pennies into Uncle Sam's War Stamps. Tell them what the War Savings Stamps mean (first get a good knowledge of the purpose yourself by reading our full page advertisement on page three of this issue.) It will surprise you how they will take to the system of thrift, and how much pleasure they will take in helping Uncle Sam end this great war.

The youngest child will take great pride in the number of stamps and amount he can save when once he "gets the habit." Then think of the "start" he will have when he begins life for himself.

Thrift—not hoarding—should be the watchword of every family in the United States from now on. Do not stop spending money, but spend it where it will yield something for the future.

Have you ever stopped to think what our road (Grand
