### Farmington State Savings Bank

Money is a willing worker—works 365 days a year, with no vacation, no time off for sickness, no loafing on the job. When you "invest" in questionable securities, when you try to force your money to earn more than it is able to produce, you are setting it a dangerous task; and you only are to blame if your willing slave fails you.

Consider the advantages of our Special Interest Department, where money works under the "Best Approved Conditions"—**4 percent, 3 months**—and brings a regular income.

## Mrs. Housewife-- What are You Doing to Help?

The Soldiers fighting "With Us" in this war for Democracy cannot maintain their efficiency if they fear their Wives and Babies will starve. Our own men cannot fight unless they are properly fed. Will you allow your family to eat up our chance of victory?

## The Government

has appealed to YOU and to every person who has anything to do with the distribution, purchase or preparation of food, to conserve certain commodities which are VITALLY NECESSARY for export.

# USE—

CORN bread instead of wheat bread.  
FISH, POULTRY, EGGS, MILK and VEGETABLES instead of Meat.  
HONEY and SYRUPS instead of Sugar. Avoid all indulgence in unnecessary sweets  
VEGETABLE OILS and FRYINGS. Reduce your consumption of Butter in cooking, and Animal Fats, to the lowest possible amount.

We MUST send Wheat, Meat, Fats and Sugar to feed our Boys in the Trenches, and the hungry women and children of the Anti-German forces. HELP ALL YOU CAN to conserve these things FOR THEM.
