CHURCH NOTES
Salem Evangelical
Rev. A. C. Stange will preach next Sunday morning at 10:45, eastern time, in the Farmington German church.
The Farmington Ladies Aid meets on the first Wednesday of each month at the parsonage.
Universal Church
Rev. Willis A. Moore, of the Church of Our Father, Detroit, will speak in the church edifice Sunday afternoon, March 24th, at 3:30. As this in all probability will be his last sermon to be heard here, as he leaves the Detroit pastorate for other fields of labor sometime this spring, everyone is most cordially urged to be present and hear this discourse on "The Certainty of Just Retribution for Sin," one of the principles of Universalism.
Methodist Church
Rev. James Priestley, Minister.
Sunday morning last we had an exceptionally fine congregation. The whole service was one not soon to be forgotten; it was a most impressive sight to witness the class of boys come in in a body, and after promising the pastor will give the last Lenten message. There will be good music.
Were you at Sunday school last Sunday; if you were not you missed an inspiring gathering.
Next Sunday we expect the attendance will be in record one. Come and help make it such.
The lesson study for Sunday morning is "Bread for the Hungry," Mark 6: 32-44.
The service last Sunday evening was very remarkable in every way. It was a great disappointment not to hear Sargent Russell, but he has promised to be with us next Sunday evening. Don't fail to hear him! There will be good music. Expect the boys to sing again. Song service at 6:15. These services are being greatly enjoyed. You will be present next Sunday evening.
Prayer meeting Thursday evening at 7:30 in the prayer room.
Easter Sunday will be a memorable day. At 6:30 there will be a "Sunrise Service." The pastor's Easter message at 10:30, and the evening a fine program, entitled "Importance," will be given. Make your plans for that day and be with us at all services.

BOYS NEEDED TO WORK ON FARMS
THE UNITED STATES BOYS WORKING RESERVE ORGANIZED TO MEET THIS NEED.
HAS THE PRESIDENTS SUPPORT
Parents Should Encourage Their Boys Between 16 And 21 To Enroll In This Reserve.
WITH "OUR BOYS" on the battle front in Europe, trying to keep the millions of highly-trained, heavily-armed German warriors from breaking through and overrunning the world, it is all right for the boys here at home to play encouragement: "Stone walls won't hold the water." But that's not enough. The thing to do, as you yell, is to help the Sammies hold 'em.
How can you do it? The President and all other American leaders have agreed that you can help most this spring and summer by raising food so the boys who have lacked that awful job on the other side and the other thousands who are in training on this side, may not go hungry. A fellow with an empty stomach can't be a stone wall against a powerful enemy!
This article is to point out something of big importance for older boys—those who are sixteen or older. For they can help by taking care of the hundreds of thousands of men who have left the farms and gone into the Army or into factories that are making war materials.
The government has provided the means for enlistment of these soldiers of the soil. It is the United States Boys Working Reserve. That organization was formed by the Department of Labor, cooperating with the Department of Agriculture. It is endorsed by the President and all of his war aides, by the governors of the states, by leading educators, by the heads of the great commercial organizations. It is directed by responsible men of proved ability in agriculture and in work with boys.
The plan is simple. Boys who are sixteen or over and not actually in the reserve, receive instructions, then commissions, and are placed on farms where they are needed. They will receive wages and be supervised by experienced men. All ready thousands of boys have enrolled in all parts of the country—for this Reserve is open to boys in every state. The boy who serves faithfully will receive a certificate of his service, which will be a badge of honor— a badge that will show all who know him, in later years, that he was not a slacker in this great war, but did his part as it was outlined by the President.
What Would You Get for It?
In addition to the great service it will be to the nation in the war, the experience of a city or town boy on a farm will be of value to him in the following ways:
It will give him health and strength and vigor.
It will help him in his school work. The marvelous processes of nature, seen through a season's growth, will mean more to you than several years of book study of nature books. Photography will have a new meaning. Economic students will have an understanding which they could get in no other way of America's fundamental industry—terms in their school books which heretofore have been merely words to them will have a definite meaning, as, for instance, production, market, speculation, supply and demand, wages, prices, by-product, etc.
And then think what it will mean to you just to know how to saddle a horse to hitch up a team, to plow straight, to run a mowing machine, and to see and play a part in that grand drama of the farm—harvesting and threshing. There will be time for sports—on the finest playground in the world will be all about you. Swimming in creek or lake, ketching suckers, snaring gophers, horseshoeing, and races; hikes in the woods, aving pitch-bone shoes with the neighbors or at other games—nights of deep, sound, strengthening sleep, and up in the morning feeling as though you could carry a whole football team on your back!
It won't be child's play. Your comrades under arms didn't go into the war because it was easy. You wouldn't think that by thinking that he did. He went into it because it was the right thing to do. If you go into farm service for your country you should go for the same reason. The patriotic purpose will mean more to you than any other. And from it will come that satisfaction which comes from the doing of one's duty in a time of national trial.

The Battle Cry of Feed 'Em.
(U. S. Boys' Working Reserve Song of Freedom)
Yes, we'll rally round the farm, boys. We'll rally once again. Shouting the battle cry of Feed 'Em. We'll get the wins and money. And the best of fighting men. Shouting the battle cry of Feed 'Em.
The often forever, the beans and the corn. Down with the tater—it's up the next morn. While we rally round the plow, boys. And take the hoe again. Shouting the battle cry of Feed 'Em.

WILLING BOY WILL MAKE GOOD
Working Reserve Will Be a Success If Farmer Co-operates:
At the Conference of County Directors of the Boys' Working Reserve, held at Lansing on March 7th it was demonstrated by many speakers that the Boys' Working Reserve was of value to the farmer. Among other speakers was the Hon. Mr. Scully of Alma, and we quote a few extracts from his address:
"Another thing, a farmer will say 'me 'My time is worth four or five or six dollars a day to my business. How can I afford to spend the time to take this young man to do my work?' Now as a matter of fact if you will take this man from the Boys' Reserve out upon the farm and place some confidence in him and as he is trained somewhat along the line of your work responsibility upon him. Responsibility is what counts. If farmers will take the young man know occasionally that he is making good, that they are pleased with his work and that he is going to succeed it will be very good for the young man and the results will be that he will do his work that much better."
"We owe something to the young man of today who is going to be the man of tomorrow, and I feel it is our duty to take upon ourselves the responsibility of bringing some of the young men from the city out upon the farm that they may have some taste of rural life and at the same time do something to help win this war."

You Need This For Lame Back
Foley Kidney Pills Simply Drive the Cause of it Out of Your System
Lame back, stiff, swollen, aching joints, and rheumatic pains are the result of weak, sluggish, inactive kidneys. In this condition they cannot keep the blood that feeds your body free of the impurities that poison you and cause these painful ailments.
Foley Kidney Pills are so strongly advised and recommended for these troubles because of their direct and beneficial effect on the kidneys, bladder and urinary system; and acting through these important organs, on the health of the entire body.
Foley Kidney Pills tone up weak and sluggish kidney action, ease a painful and irritable bladder, stop stinging in the back, loosen the bowels, relieve the lame back, stiff joints and rheumatism, due to imperfect kidney and bladder action.
Mr. and Mrs. Frank P. Wood of Merrill, N. H., were both rescued from the effects of weak kidneys, impaired kidneys and bladder action by the use of Foley Kidney Pills.
