A. Kidd received word this week from his daughter, Mrs. Connors, in Detroit, that her little boy was very ill with diphtheria in Harper's hospital.

Wall paper at Cook's. New line just in.

**DIVIDENDS FROM PLEASURE.**

Somehow or other it is hard for some of us to realize that work is not a curse; that the man who would find real happiness can find no better place to seek it than in the work. Work is play when approached in that manner. But we have been making ourselves believe that work is unpleasant merely because it is work. We can never reach that bright place in the sunlight of success which we call the "top of the ladder" as long as we persist in adopting that attitude. Nobody ever has, and nobody ever will.—Industrial Conservation, New York.

**Paste This in Your Hat**

A little military information that may come in handy some time when you are discussing the war and the army formations: An army corps is 60,000 men. An infantry division is 19,000 men.

An infantry brigade is 7,000 men.

A regiment of infantry is 3,000 men.

A battalion is 1,000 men.

A company is 250 men.

A platoon is 60 men.

A corporal's squad is 11 men.

A field artillery brigade comprises 13,000 men.

A field battery has 195 men.

A firing squad has 20 men.

A supply train has 283 men.

A machine gun battalion has 296 men.

An engineer's regiment has 1,098 men.

An ambulance company has 66 men.

A field hospital has 55 men.

A medicine attachment has 13 men.

A major-general heads the field army and also each army corps.

A colonel heads each regiment.

A lieutenant-colonel is next in rank below a colonel.

A major heads a battalion.

A captain heads a company.

A lieutenant heads a platoon.

A sergeant is next below a lieutenant.

A corporal is a squad officer.

Cook &amp; Co. have just received a new and up-to-date stock of wall paper.

FIRST COMMERCIAL BANK  
OF PONTIAC****Oakland County Teachers' Institute**

School Commissioner Craft wishes to announce to the teachers of Oakland county that the next Inspirational Institute will be held at the high school auditorium, in the city of Pontiac, on Friday, October 4, 1918.

Both day and evening sessions will be held. For some time it has been considered advisable to change the date of the institute meetings from January and February to an earlier date of the school year. It has therefore been decided by the state superintendent of public instruction and school commissioner to hold the county institutes about the first week of October, thus giving the teachers the benefits of such meetings at the beginning of the school year, and also to avoid as much as possible the severe cold weather and bad roads usually prevalent in the winter. The following talent has been assigned for the first autumn meeting:

Instructor—Hon. Fred L. Keel

er, Superintendent of Public Instruction, Lansing.

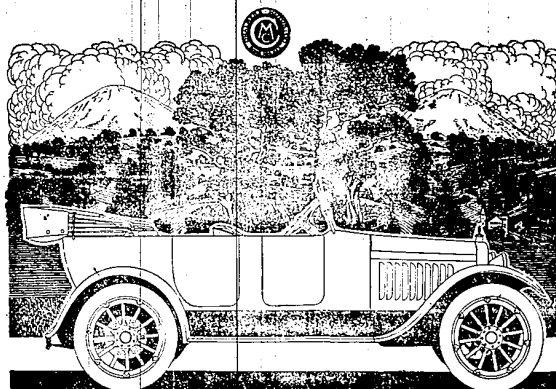

Instructor—Hon. Woodbridge N. Ferris, Ex-Governor of Michigan.

Lecturer—Rev. William Rainey Bennett, D. D., of Chicago, who will give his famous address "The Man Who Can" in the evening, and "The Master Thought" in the afternoon. Dr. Bennett is the greatest institute lecturer ever brought to Oakland county. He is not only an orator of national reputation, but a fine tenor soloist and will sing one number at the meeting.

Vocalist—Prof. Carl Lindgren, Basso-Cantante, of Ypsilanti Normal Conservatory of Music, will have charge of the vocal music, and an effort is being made to have the Detroit Symphony Orchestra to furnish the instrumental music.

In addition to the above several local musicians and entertainers will appear on the program. School Commissioner A. L. Craft has been appointed conductor of the institute. adv.

Don't forget our liner column.

**An engine that lures power from gas and sets it down minus jerks, vibrations, into a softness of action that has never been surpassed; "Hot-Spot" and "Ram's-Horn" Manifold (Chalmers devices) are responsible**

The perfect engine is the one that takes from gas all the power that's there; and gives it up to you either brutal, or violent, or soft, as you wish.

That's the Chalmers engine, now recorded all over America as a great engine, which comes closer to reaching 100% of efficiency than any motive device yet designed.

"Hot-Spot" and "Ram's-Horn" Manifold are responsible. The first named heats up the gas, "cracks it up," "pulverizes" it, gets it into wonderful shape for ignition, and then the "Ram's-Horn" Manifold with its "easy air bends" tosses it gently into the combustion chambers.

So that after the flash of the spark plug there is so little residue, so little waste, so little power escaped into the exhaust as to be scarcely worth while mentioning.

But the kind of power is a new power—a gentle, soft power like the "iron hand in the velvet glove" that entices you beyond words once you experience the thrill.

THE UNIVERSAL CAR

The very practical usefulness of a FORD CAR has made it a real part in the lives of the people. The problem is to make them fast enough to meet the constantly increasing demand. Ford dealers are now able to fill orders with reasonable promptness. Under existing conditions it will be judicious to buy now, when delivery is sure. A word to the wise is sufficient. In addition to almost unlimited service given by FORD CARS, at a minimum of expense, is the dependable care and efficient attention given to FORD CARS by Ford dealers. There is nothing half-way about this important matter. Ford dealers make it a part of their business to see that FORD CARS are kept running. To this end they have up-to-date mechanical equipment with experienced workmen who know FORD CARS "like a book." So here is a service that means satisfaction with profit.

Buy a FORD CAR NOW. We are at your command, for both car and service
