SPEED IN PRODUCTION ESSENTIAL TO VICTORY

Industrial Efficiency Will Protect Lives of Our Boys in the Trenches.

Industrial efficiency and economy will play as important a part as military organization and genius in determining the outcome of the war, according to Frank A. Scott, chairman of the War Industries Board, which has charge of government buying and supervision over the general industrial activity incident to the prosecution of the war. The preparatory stage of the war has passed for this country, says Mr. Scott, and the time has arrived when every resource, human and material, must be placed at the disposal of the government.

"If it can be said there has been a preliminary stage of our share in the war it is over now," says the government's industrial director. "Our people are already in France, and we have begun the actual raising of a huge army here at home to be sent abroad when the time is ripe. We have passed the period of expectation."

"Efficiency and economy in producing and distributing the government's requirements are as necessary to success as courage and intelligence in battle. The slacker at home is as contemptible a figure as the coward in the presence of the enemy. The luxuries of peace must give way to the necessities of war—Industrial Conservation, New York.

INDUSTRIAL DESERTERS.

The time has come when the man who leaves his post in American industrial life for technical enforcement of his prerogatives must be branded as a traitorous industrial deserter. We, the people of the United States, through our government, are employing millions of men in the most exacting service that involves risk of life itself for many and unimagined hardships for all, and their maximum pay is \$35 a month and board. National self sacrifice and cooperation should be our watchword. Every man who does not help hinder the victory of democracy.—Industrial Conservation, New York.

CHURCH NOTES

Salem Evangelical

Rev. A. C. Stange will preach next Sunday morning at 10:45, eastern time, in the Clarenceville German church.

The Farmington Ladies Aid meets on the first Wednesday of each month at the parsonage.

Universalist Church

Doctor Willis A. Moore will hold his farewell service next Sunday, April 14th at 3:30 p. m. Miss Helen Kennedy, contralto soloist of the Church of Our Father, Detroit, will sing. "Those who have heard this talented speaker and this delightful young artist on former occasions will need no further introduction."

Methodist Church

Rev. James Priestley, Minister.

The service last Sunday morning was one of deep spiritual helpfulness; next Sunday morning's service will mean just as much to those who are present. The pastor will preach on the theme, "A Call to Intercession." Every Christian should hear this message.

The Sunday School lesson for next Sunday is, "Jesus Requires Confession and Loyalty." Mark 8:1; 9:1. These studies of Jesus are most helpful. There are classes for all—do not fail to be in your place.

Song service at 8:30. This service is one you should not miss. Bring your bible to this service.

The large audience that heard Sergeant Major Russell last Sunday evening were well pleased with the address. It was a very stirring message, and had a most helpful influence in the "Third Liberty Loan" drive. Next Sunday evening the pastor will begin a series of evening addresses on the theme, "Christianity and the World War." These sermons will deal with questions

that have arisen out of this world crisis. The young people and regular choir will sing. Remember the change of time to 7:30, and come early for this service.

Tuesday afternoon the W. H. M. society held its monthly meeting at the home of Mrs. Harrison Johnson. A very interesting time was spent. The May meeting will be held at the home of Mrs. William Hendryx, and the leader for the meeting will be Mrs. Harrison Johnson, the topic being "Alaska's Yesterdays."

Prayer meeting Thursday evenings. Next week the chapter for study will be the 20th chapter of John.
