When the housewife commences to think  
of meal time and its preparation  
she invariably thinks of

## SCHROEDER

who always carries the best of Meats,  
Lard, etc. Try it once  
and you will too

Phone No. 5 Farmington

## Dairy Feed \$44 per Ton

We have a Car of SUCRENE DAIRY FEED rolling  
which we will sell out of the car for \$44.00. Give us  
your order and will notify you when car arrives.

PHONE 26

**Farmington Roller Mills**

## Stop the Waste!

A DRIPPING FAUCET in the home costs money if  
allowed to drip any length of time. Stop it. Why  
not have us "get on the job" and examine all your  
water fixtures? At small cost you can have everything  
put right or replaced. We're competent plumbers.  
We give estimates on plumbing, tin-smithing and steam  
fitting jobs. Nothing too small or too large for us to  
thoroughly and to your satisfaction.

We also do all kinds of Sheet Metal Work.

## WAY & ADAMS

## Keep Cool in Hot Weather

IN THE HOT SUMMER DAYS AN

## Electric Fan

will bring cool, invigorating breezes into the home, the office,  
the shop. For a small outlay you can buy a fan that will  
last a lifetime, and cost but a trifle to run. We have sizes  
and types to suit every requirement.

**The Detroit Edison Co.**

## Our Creed Of Service

is, every funeral we have charge of must be handled in the same dignified, quiet  
and satisfactory manner as if arranging a last farewell for the greatest personage  
W. E. HEENEY, Funeral Director, Phone 24, Farmington

### Local News

Water bills out.  
Some dusty along Grand River.

## More Farm Buildings

### Are Needed to Win the War

THERE are two things to which  
this nation has pledged itself in  
this great war—one is to stop  
waste, and the other is to exert  
every ounce of energy and ability  
toward PRODUCTION—and even  
more than anything else, PRO-

DUCTION OF FOOD STUFFS.  
THE farm, therefore, that is doing  
its full patriotic duty, is the farm  
which is conserving the most feed  
—and raising the most hogs and  
beef and milk and corn and wheat  
per acre.

BUT no farm can produce its max-  
imum unless properly equipped.

THE farmer who is not giving his  
hogs proper protection is not get-  
ting as many litters not as large  
litters as he could if his hogs were  
properly housed.

FEED, which stock in the open re-  
quire for animal heat, would go, in-  
to beef or milk if the stock were  
kept in a properly built, well ven-  
tilated and insulated barn.

AND after all, isn't the time spent  
in repairing machinery after it has  
lain exposed to the weather all  
year waste?

THERE never was a better time  
to build your barn or your hog  
house or your implement shed or  
your granary than right now. Lum-  
ber is NOT high. A hog or a  
bushel of wheat buys more lumber  
now than it has ever bought before  
—more, perhaps, than it will buy  
later when values again readjust  
themselves.

WE have a large and a very de-  
sirable stock of all kinds and grades  
of lumber and material and can  
give you excellent service.

Everything needed will be found at our Yards
