PATRIOTIC SERVICE

# COOK'S

PATRIOTIC SERVICE

AT A TIME when every dollar must do full duty an "ECONOMY" is the nation's slogan, a very definite problem confronts every store which has the best interests of its patrons at heart.

That is, "To Give Them Good Merchandise at Fair Prices"

This, we are doing, despite difficulties and will continue to do so. If the time ever comes when we cannot guarantee the merchandise we sell, we will be perfectly frank in telling you just what the goods really are. That is our idea of PATRIOTIC SERVICE—an ideal that has long proven to be the strongest link between our customers and this store.

## Black Cat HOSIERY

GOOD GROCERIES

Yes, the BEST that can be bought for the money. It has always been our habit and aim to give SERVICE, and in most cases the service we have tried to give has been appreciated. QUALITY is another of our hobbies, which is also appreciated; for there surely is a difference.

## More Farm Buildings

Are Needed to Win the War

THERE are two things to which this nation has pledged itself in this great war—one is to stop waste, and the other is to exert every ounce of energy and ability toward PRODUCTION—and even more than anything else, PRO-

DUCTION OF FOOD STUFFS. THE farm, therefore, that is doing its full patriotic duty, is the farm which is conserving the most feed—and raising the most hogs and beef and milk and corn and wheat per acre.

BUT no farm can produce its maximum unless properly equipped.

THE farmer who is not giving his hogs proper protection is not getting as many liters out as large litters as he could if his hogs were properly housed.

FEED, which stock in the open require for animal heat, would go, into beef or milk if the stock were kept in a properly built, well ventilated and insulated barn.

AND after all, isn't the time spent in repairing machinery after it has lain exposed to the weather all year waste?

THERE never was a better time to build your barn or your hog house or your implement shed or your granary than right now. Lumber is NOT high. A hog or a bushel of wheat buys more lumber now than it has ever bought before—more, perhaps, than it will buy later when values again readjust themselves.

WE have a large and a very desirable stock of all kinds and grades of lumber and material and can give you excellent service.

Everything needed will be found at our Yards
