How Much Would the KAISER Tax Your Business?

Think this thought twice over: "If we should fail to win this war what would happen to my business?"

What is left of business in the invaded districts of France and Belgium? What will be left of business here, if we fail to crush the sinister power of Prussian militarism? How much would you have left after paying the taxes and levies imposed by a victorious Germany?

Defend Yourself With LIBERTY BONDS

This is not only a war for Democracy and Liberty, but a war of self-defense. Germany menaces our rights, our self-respect, our homes, and our means of livelihood.

Every citizen—every business man—has weapons of defense ready to his hand. These weapons are Liberty Bonds. We cannot all fight with guns and bayonets but we can all fight with Liberty Bonds.

Buy to Your Utmost

Of course you have bought Liberty Bonds. Every one has. But how many more will you buy? The success of the Fourth Loan and of the war itself depends on your answer to that question.

Buy all the bonds you can. Go to your bank and make your arrangements. Buy more than you ever thought you could buy!

Does Your Life Work Mean Anything to You?

You farmers who have worked hard—and no one works harder—to get together your property, what does it mean to you?

Your property—your farm and buildings, your crops, your stock, your farm implements and, too, your home—all of these represent years and years of work that you have done.

Everything that you enjoy as the result of your work comes to you and stays with you because the heroic soldiers and sailors of Uncle Sam are standing between you and the bloodthirsty, murderous Hun.

To keep the Hun away from you, Uncle Sam does not ask you to GIVE even a single penny! He simply asks you to LEND him your money at good interest and he guarantees on his word of honor—a word that has never been broken—to pay back every penny you lend.

What is your answer?

Have you bought all the LIBERTY BONDS you possibly can?
