Canterbury Commons

By JOANNE TAKAI 626-1786

Soon a family from Canterbury Commons will begin what may eventually become an odyssey.

Ruth and Clarence Gabel of Muirland are generating a lot of excitement around their house as they prepare to move half way around the world to Sydney, Australia. The children, Larry 7, Laura 5, and Jeffrey 4, are all excited at the prospect.

Their 12,000-mile trip will begin with an overnight stay in San Francisco, then a six-day vacation in the Hawaiian Islands. From the islands they will fly the last and longest leg of their trip to their new home.

Their first home in the new country will be a hotel, followed by a furnished apartment, then eventually a house. Moving to a house will have to be put off long enough for the furniture to arrive from the United States. Ruth says that the furniture may take as long as three months to arrive "down under" in Australia.

"No Problem!"

No two words in the English language are more reassuring and reassuring than these to one who needs help in the solution of some "problem" of immediate concern.

In many lines of endeavor there are men and women whose professional competence enables them to provide solutions to subjects of great concern to those not trained or skilled in the particular "problem" confronting them. Doctors, dentists, lawyers, and artisans in many trades are rendering this character of professional aid and skill.

Chamberlain Real Estate Company to properly and professionally serve their ever growing clientele in the sale or purchase of their homes. A knowledge of financing, known sources of mortgage funds, the proper preparation of every detail required in the transfer of property from one owner to another, these are all important factors in the phenomenal growth of this Realtor firm of specialists throughout their more than twenty (20) years of service.

Handling your real estate needs, no matter how seemingly complex, will present "no problem" to you if entrusted to the B. F. Chamberlain Co. Why not give them the opportunity to say "no problem" to you?
