Influenza La Grippe

Come without warning travel in epidemics—dangerous and treacherous if neglected.

La grippe, frequently affects the lungs and develops a persistent wearing cough, which neglected, in foreboding alike to old and young.

Foley's Honey = Tar rotey's noney and narry spreads warmth and comfort, southing the inflamed rasping straces, easing tightness of the chest, loosening the cough, helping to raise and discharge pilegm without exhausting effort. It is also good for tickling throat, hoarseness, bronchial coughs, night coughs and chronic coughs of elderly people. After having an attack of la grippe, it left me whit severe cough, and I tried everything. I lost is right and got so thin that it looked as thought I out old never get well. I tried Foley's Honey and at and two bottles cured me. I san now well and ck to my normal weight." F. G. Prevo, adlord, Indiana.

Will Way arrived home from Chicago the last of the week, where he has been in training with the expectation of going overseas as a Y. M. C. A worker. On arriving in Chicago a week ago, after his visit here, word was given and the company called together for departure across, their equipment, transportation and everything arranged, but a telegram from Washington next morning countermanded the order and they were sent home. Mr. Way says, however, that they were told to be ready for a call later.
