The Detroit Edison Co.**We Welcome the Farmers Account**

DO you live in the country? If so, you have a special need for the bank. The farmers' money usually comes in in large sums, and unless he has a bank account he must either carry it with him or keep it hidden around the house. Either way he is likely to lose all he has. It is far better to deposit it in the bank and use a check book to pay bills with. We welcome the farmer's account and give him every accommodation. We will be glad to explain any banking term fully and give you any other help we can.
