MEMBERSHIP PICNIC

Painting and sculpture join together in Tuttle's work with more concern for illusory space. The small size of the green, and the size of t

pears.
Separating the color, using black and
white, is not so simple as it appears and
Miss Baer succeeds in doing this yet
holding the painting canvas together as
a whole, rather than illuding to decora-

houding the painting can vas societies as whole, rather than illuding to decorate a whole, rather than illuding to decorate the photographic image is used in the very large paintings of Chuck Close who chooses his subjects and monumentalises them in canvases. The details up close are sharper than any photograph and become more than fliguring painting the control of the control o
