to have a criss of such proportion that the only answer is a change of mapp proportions."

That will happen he believes, as soon as all school districts—urban, suburban, and rural—face the same problem.

We are within months of that happening. The such had declined to be more specific as to how long he meant by months.

months
"Education is no longer the fair-haired boy of state government," Porter contin-

urd. "Education is being forced into an un-terable position." An ideal financial ar-rangement would be a just property in-corne tax which the state would collect and redistribute to heal districts. Porter said.

FORTER ALSO spake on another sub-pert which has had adouthan school dis-cipation of the property of the pro-tistance busing to effect desegration. "Voluntary inter-district transfers of students with financial incentives," have been proposed in a bill to the legislature. A participating whold district would

ter explained "but it would have to be vol-uritary, not mandated, no continued." In makes were, in the continued. "In the continued of the co

## Israeli speakers will talk for bonds

An Incach diplomat and an economic are streedled to address Israel bord dimers in the area next week.
