Tradition

At the turn of the century, the woman in the photograph (right) was considered the well-dressed bride. She wore a lavish gown of satin, trimmed with delicate lace.

While the exact details of her dress would be inappropriate today (How could the bride get all of the dress in her subcompact car?), many, such as the mantilla and lace trimming, are much in style.

That's what Bridal 77 is about . . . how tradition has been embraced and adapted to today's needs.

Bridal 77 was produced by the Observer & Eccentric Newspapers advertising and editorial staffs.

Editorial copy was written by staff and special writers.

The photograph on the cover is by Lyn Jolley Photography.

Shelly Guggenheim coordinated the editorial section.
