West Bloomfield Editor

A group of suburban mothers will attempt to alter national legislation concerning babies' sleepwear.

The mothers, all from West Bloomfield Township and all way boungaters, will meet Monday morn youngaters, will meet Monday morn youngaters, will meet Monday morn groungaters, will meet Monday morn broungater to the state of the sta

tardants.

It original six-member group, now being joined by a number of other concerned mothers from the area, was formed following articles in a local newspaper on infant sleepwear treated with TRIS. Tests have indicated TRIS may be a cancer producer if absorbed through the skin or eaten by a child sucking his garment. The original six-member group, now being joined by a number of other conserved mothers from the area, was formed following articles in a local newspaper on infant sleepwear treated with TRIS. Tests have no incited TRIS may be a cancer producer if absorbed through the skin or eaten by a child sucking his garment.

"WEVE HAD a lot of response."

"TRIS. while cotton and nylon response."

Some synthetic blends are inheracted to the consumer produce the first of the continuation of the consumer produce the first of the continuation of the consumer produce the first of the consumer produce the firs

saying he was looking into the situation with the Consumer Products Safety Commission.

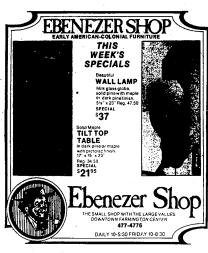

A spokesperson for the commission recently said tests on TRIS should be commission to the commission of the commission of the commission of the commission of the commission has been evaluating data from the National Cancer Institute, which found TRIS caused tumors in some mice.

The Enviror-mental Defense Fund, a national watchdog agency, had petitioned the commission to ban sales of TRIS-treated garments. Attempts have been made for almost a year to force labelling of treated garments since many children are allerge to some chemicals.
