The proposed so-called "beer
and wine" amendment, to be
voted on at the spring election,
April 7th, reads as follows:

Section 12. "It shall be forever law-
ful in this state to import, transport,
manufacture, use, buy, sell, keep for sale,
give away, barter or furnish every kind
of Cider, Wines, Beer, Ale and Porter
and to possess the same in a private
residence. So much of Section 11, ar-
ticle XVI of this constitution as prohibits
the manufacture, sale, keeping for sale,
giving away, bartering or furnishing of
vicious, malt, brewed or fermented li-
quors, is hereby repealed. The legislature
by general laws shall reasonably license
the manufacture of, and reasonably re-
gulate the sale and keeping for sale of
vicious, malt, brewed or fermented li-
quors; Provided, however, that the electors
of each city, village or township
forever shall have the right to prohibit
the manufacture, sale, or keeping for
sale of vicious, malt, brewed or fermented
liquors within such city, village or town-
ship.

If you wish this amendment
to carry, bringing back to Michi-
gan "beer and light wines" you
should vote "Yes," but if you
wish to keep Michigan dry vote
"No."

This is a very important
amendment, and before going to
the polls you should thoroughly
understand its full import.

Above all every person, male
and female, should vote on this
proposition and settle the matter
so that it will "stay settled."

There seems to be a move-
ment on foot to join the two
"wire" systems (telephone and
telegram) into one great system
under a fixed control—not gov-
ernment ownership. It would
seem from the "outside, looking
in" that the system would be a
good one if properly organized
and managed. The many im-
provements in electrical trans-
mission and spoken word are of
great significance, and they tell
us "it is only in its infancy" as
yet.

We are in receipt from the De-
troit News of a handsome and
artistically illustrated book, tell-
ing of the origin and develop-
ment of the News from the time
of its inception in 1873 by James
E. Scripps, up to the present time
with its magnificent new home.
The book is a work of art in
every way, and gives testimony
to Mr. Scripps' untiring efforts
and genius in the newspaper
field of the city of Detroit.

After 20 years of service as
Farmington township's representa-
tive on the Oakland County
Board of Supervisors, James L.
Hogle will retire this year. Mr.
Hogle has served this township
well and faithfully. We under-
stand Clarence Wood and Isaac
Bond are in the race for the
position.

In our Novi news last week it
was reported that the "school"
held a party. The teacher, Miss
Josie Steward, takes exception
to the fact that it was a "school
party," being given by three
children of the school only. Miss
Steward says she wants
neither the credit or blame for
the party.

An item came to us Thursday
morning, which, besides being
unsigned, contained an adver-
tisement, with the request that
we publish it verbatim. If the
writer will give her identity and
pay for the advertisement we
will publish it next week.

PRINCE ALBERT

TALK about smokes, Prince Albert is geared to a joyhandout standard that just lavishes smokeshappiness on every man game enough to make a bee line for a tidy red tin and a jimmy pipe—old or new!

Get it straight that what you've hankered for in pipe or cigarette makin' smokes you'll find aplenty in P. A. That's because P. A. has the quality!

You can't any more make Prince Albert bite your tongue or parch your throat than you can make a horse drink when he's off the water! Bite and parch are cut out by our exclusive patented process!

You just lay back like a regular fellow and puff to beat the cards and wonder why in samhill you didn't nail a section in the P. A. smokepasture longer than you care to remember back!

Buy Prince Albert everywhere tobacco is sold. Toppo red bags, tidy red tins, handsome pound and half pound tins, lumbers—and that clever, practical sound crystal glass humidor with sponge moisture top that keeps the tobacco in such perfect condition.
