All smoking tobaccos use some flavoring. The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain sauces are employed,... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves

. Tuxedo uses chocolate—the purest, most wholesome and delicious of all flavorings! Everybody likes chocolate—we all know that chocolate added to anything as a flavoring always makes that thing still more enjoyable. That is what a dash of chocolate, added to the most carefully selected and properly aged burley tobacco, makes Tuxedo more enjoyable-

1. The Need of the Cities of Refuge

sponsibility toward offenders.

1. The Need of the Cities of Refuge (201:3).

Lustice everywhere cried "An eye for an eye." "A tooth for a tooth," "Blood for blood," and the avenger of blood was charged with the duty of satisfying this cry. While lustice should not be allowed to miscarry it is most important that there be mercy shown. Sometimes just men forget to be mereful. In order that the tunorent was the protected and mercy shown to the unfortunate and get were authorited. It can not a scheme by which the criminal was screened from justice, bitt a profission whereby the tuncent was protected.

11. Regulations Touching the Cities of Refuge (2014-6).

2. The right of entrance not to be denied (x, 4). It was onlightery upon the rulers of the city, to admit upon demand the one who field hither, pending a trial which would disclose the fact as to whether the crime had been in the city (id not dare to deliver the man sharer to the avenger cross, over the threshold of the city to touch a half of the one who need taken request of the half of the one who need to deliver the man sharer to the avenger cross, over the threshold of the city to touch a half of the one who had taken refuge in it.

3. The right of fair trial (x, 6). This

a. The right of fair trial (c. 6). This provision of mercy mude it so, that the refugee could be safe while careful investigation was made as to whether he had killed "way thingly" or by wicked purpose. If it should be proved that the map was guilty of murder he was delikered over by the authorities to, the average of, blood that justice might be down.

4. The innocent size misst remain in the should concerte him from intentional killing, yet he must remain in the city in order to be saved. So grave is the end of taking a human life that even the lanocent man was obliged to be separated from his home and rirends at least until the death of the high priest. This deprivation enforced the obligation to shield life.
