Let Them Call It What They May It's Right Name Is—Saloon

COUNTLESS ATTEMPTS have been made
in this and in other states to fool the people
into voting for acts and amendments that
will bring back the saloon with all its at-
tendant evils and dangers.

THE USUAL PROCEDURE is to give such
legislation harmless sounding titles but, by
a tricky use of words—a camouflage of
language—a joker into the text that
will give it, when enacted, the opposite
power and effect to that which appears in
the title.

A MORE VICIOUS use—no rather abuse—of
the intentions of voters cannot be imagined
—but what can you expect from a business
founded as was the saloon on the weakness
and cupidity of the weaker members of the
race?

RIGHT NOW IN MICHIGAN a last desper-
ate attempt is being made to do just that
sort of thing.

UNDER A TITLE that sounds like one thing,
an amendment that means just the opposite,
is up for your decision.

IT IS CALLED the "Beer and Wine" amend-
ment. When the "Wet" speak of it they
use the term "Light wine, etc." but as a
matter of fact the "dry" object only to
appear in title or text—and a heavier
weapon was never used by the advocates
of a befuddled world!

FOR IF YOU WILL READ this latest at-
tempt to nullify Michigan's best piece of
legislation—the "Dry" act—you will find
that it means just this—bringing back the
Saloon in its worse form and with its most
harmful accessories.

CALL IT WHAT THEY MAY—word it as
they may, to conceal its true intent—this
"Beer and Wine" amendment's right name
is "The Saloon Amendment."

DON'T BE DECEIVED by the wheedling of
those who beg "Always object only to
their own profit—and your loss."

READ CAREFULLY: weigh every word;
make up your own mind what the
saloon interests are trying to get you to do.

JUST AS AN EXAMPLE of the difference
between what they say about it and what
they say in it:

THEY ARE SOLICITOUS—Oh! feel-
ingly solicitous!—lest the poor far ger be
deprived the privilege of "making cide" from
his own apples. That would be a great
hardship you will agree. They weep real
tears over his predicament.

VERY WELL—Read that amendment and
you will find cunningly disguised in verbi-
age, yet clearly stated, that if that "Beer
and Wine" amendment were passed the
former would neither make nor sell cide
without first taking out a license—
same as a saloon or a brewery.

CAN YOU BEAT THAT for double dealing?
Yet they fondly hope that enough Michigan
voters will be fooled by the title and by
their propaganda to vote for this thing that
would put the saloon back even stronger
than it was.

OH, WINES ARE HARMLESS! they say.
Verily! Wine is the standby of the "Sile
Deer" and the Cabaret. And the Cabaret
and the "family entrance" are the most
vicious places of the Saloon—they ruin
women as well as men and degrade both.

WHY, SOME FOREIGN WINES have al-
most as great an alcoholic content as the
strongest whiskey—and create a worse
form of intoxication.

AND BEER! they used to tell us—why
in Germany even the children drink beer.
Beer drinking is universal there."

WELL, WE HAVE SEEN what Beer will do
when universally used! Was ever a people
more degraded—more brutalized—more
degraded to the difference between right
and wrong?

MAKE THE BRAIN SODDEN—render it
by constant sipping in beer, only half
active—and you have a being more akin to
a brute than a man. Tractable? Yes—but
never dependable!

NO—WE NO LONGER hold a . . . soaked
people up as examples of anything
AMERICAN GENERALS found that
men who went over the top sober were
better able to do their part and take care
of themselves—especially if wounded—than
were soldiers who had grog served to them
to lead an artificial, momentary courage.

THEY EVEN TRY—the Saloon propa-
ganda—to make you think our soldier boys
resent the abolition of the saloon.

WHAT AN INSULT to those brave boys and
to your intelligence.

AS IF EVERY AMERICAN SOLDIER
were a toper so addicted to his booze that
like a dope fiend he would fight if deprived
of it.

THAT'S THE VERIEST ROT a course.
They know it is—the why do they not dare
say just what this "Beer and Wine"
Amendment really means?

WHY DO THEY TRY TO HIDE its real
intent under an innocent sounding title
and hide its meaning again by a tricky use
of words? Why?

BECAUSE THEY KNOW that the people
who voted Michigan dry still want it dry.
And they know too that the votes of the
men will now be supported and augmented
by the votes of Michigan women—and they
know what that vote will say.

THEIR ONLY CHANCE to get the saloon
back is to make you think they want some-
thing else. For they know you want no
more of the saloon.

IT IS THEIR LAST forlorn hope—their last
dying kick. The saloon is gone never to
return. The longer we are without it
the less we miss it—the less does anyone
want it back.

THEY'D LIKE TO DRIVE a wedge in the
Federal act by getting this amendment
through in Michigan. That is the big sig-
nificance of this attempt—that is why so
much outside money is being spent in
propaganda here.

TRUTH TO TELL there isn't much Michi-
gan money being spent—Michigan brew-
ers and Saloonists look upon it as a dead
issue. They are making other plans and
are not sending more gold money after beer.

BUT OUTSIDERS are still frantically trying
to get Michigan back in the wet column so
as to prevent nation-wide prohibition and
the utter dismantling of every brewery and
distillery in this country.

FOR THAT KIND OF PROHIBITION does
prohibit—no more chance for "dipsical"
scenes like that recently between Toledo
and Detroit.

THEY HAVE EVEN TRIED to make this
appear a religious issue—their propaganda
says, some denominations are against a dry
state.

IT'S NOTHING OF THE KIND—few men
of all denominations favor a Wet condition.
But the vast majority of all religious de-
nominations are for a dry state and a dry
constitution.

THIS ISN'T A MATTER of religion; of sect.
of nationality. It is just a matter of de-
cency and sanity and good citizenship as
against cowardism.

WATCH THIS THING!—it is counterfeited.
It does not mean what it says. It title
is a misnomer. Its intent is vicious. It
drives in the guise of liberty—"personal
liberty"—its effect would be to enslave
again.

IT IS CALLED THE Beer and Wine
Amendment—its real name is the Saloon
DO YOU WANT the saloon back?

IF NOT—vote NO April 7th is
the so-called "Beer and Wine"
Amendment.
