**Sealing Voyage Pays Little.**  
The Newfoundland sealing voyage for 1919 closed recently with the small catch in recent years. Only ten ships, the smallest fleet since 1870, prosecuted the industry, the crews numbering 1,085 men, and the total catch amounting to 18,253 seals, valued at \$278,145. This gives a decrease in number of 70,145 and in value of \$585,407, compared with the 1918 voyage.

The poor fishing seemed to be due to adverse weather conditions, ice being too closely packed for vessels to navigate properly, and to the fact that the seal were scattered. The price of young seal pelts was placed at \$8 per hundredweight, as against \$12 for 1918, and \$10 to \$7 for other quantities as against \$9 to \$3.50.

**Wise Agent.**  
"Yes," said the agent, "your car has been ordered." But I'm afraid you'll have to wait several weeks for it. I've just received word from the factory, that they haven't a sedan ready to ship."

"A sedan? I don't want a sedan. I told you to order a roadster."

"I know, but your wife said she preferred a sedan, so I've got the order in for one, and I hope it'll be ready by—"

**Superfluous.**  
Victim—"But have you drilled any teeth yet?" Promoter—"We don't need 'em; on our claim it rains all."

Mark Twain says that childhood is only a cabbage with a college education.

**THIN PEOPLE SHOULD TAKE PHOSPHATE**

Nothing Like Plain "Bistro-Phosphate" to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing their necks and replacing yellow hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of thin and women who know not their excessive thinness.

Thinness and weakness are often due to starved nerves. Our bodies need more phosphate than is contained in our food. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as "Bistro-Phosphate," which is permeative and is sold by most all druggists under a guarantee of satisfaction.

By feeding the nerves directly and restoring the body cells with the necessary phosphate, blood, electricity, and energy, "Bistro-Phosphate" produces a welcome transformation in the appearance, the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in health. Nervousness, sleeplessness and lack of energy, which nearly always attend excessive thinness, should disappear, full eyes become bright, and pale lips take on the bloom of perfect health.

"Bistro-Phosphate" is unsurpassed for relieving nervousness, and in its use the body is made firm, it should not, owing to its tendency to increase weight, be used by anyone who does not desire to put on flesh.
