**Health**

**THE MAN WHO SUSPECTS** that he has kidney trouble and neglects to take measures promptly for his relief is taking a dangerously serious risk. If the kidneys are not properly performing their function of purifying the blood stream, waste products and poisonous acids remain in the system and cause nervousness, rheumatic pains, headache, languor, loss of energy, swelling in the ankles, puffiness under eyes and other weakness symptoms.

**Foley Kidney Pills**

restores and regulates the healthy and normal action of kidneys and bladder, brings about clean blood, sound nerves, clear head, good digestion, active brain, and all round vigorous health.  
M. W. Taylor, Calver, Ark., writes: "My ailment is kidney trouble. I tried three different remedies, but none gave me such relief as Foley Kidney Pills."

If you would be posted on  
construction costs, to meet  
the arguments of persons re-  
luctant to build, because of  
"prices too high," we would  
suggest the perusal of several  
of the latest pamphlets on  
this subject, issued by the U.  
S. Department of Labor.

"Is the Cost of Con-  
struction High?"  
and "Prices During  
the War and the  
Reconstruction  
Period"

are two helpful booklets that  
may be obtained free of

**Buy Your  
Winter's Coal  
NOW**

Buyers of Coal are delaying their purchase in the same manner as in 1917, forgetful of the awful experience of that winter. This same warning was sent out during that year, but the coal consumers were advised by others not to buy—that the price would go down. The natural result followed; prices advanced instead of declining and coal was difficult to obtain. Economic law will assert itself. Delay in purchasing coal will delay production.

There is an abundance of COAL in the hills of our coal producing states; the supply is unlimited insofar as the coal itself is concerned but coal shortage and car shortage follows labor shortage and inadequate railroad transportation. Wages of labor will not be reduced and freight rates will advance.
