WILL BANQUET SERVICE MEN

Methodist Men Making Preparations for Good Time at the Town Hall Tuesday Night

Next Tuesday, November 11th, is the anniversary of the signing of the armistice and the closing of the great world war. The Michigan legislature, at its last session, made November 11 a legal holiday in this state.

To commemorate this event and to show the appreciation of the people of this community for the services of the boys. A banquet will be served in the Town Hall on next Tuesday, under the auspices of the men of the Methodist church.

The young men whose names are on the Honor Roll of the church will be guests of honor.

A speaker of note will be on the program, in addition to other speakers. A program of music will also be given. Tickets will be limited to one hundred.

Great preparations are being made for the event, and it is hoped every returned soldier of this township will be present.

With the making of Armistice Day a legal holiday we now have six holidays—Christmas, New Years, July 4th, Memorial Day, Labor Day and Armistice Day in this state.

School Notes

This week is good English week. Let's do our part.

Milton Adams has entered our school in the Eighth grade.

Francis Cristaw and Helen Bryan have entered the First grade.

English Literature class are now studying Shakespeare's "MacBeth."

Mrs. Ray Longman visited the First and Second grade room last Wednesday.

Our new chorus books have arrived, and chorus work is now in rapid progress.

Clare McCleod and Fred Westfall have returned to school, after a few days' absence.

Professor George McGee, of the Cadillac High School visited our school Monday morning.

Beginning next Monday night, and every Monday thereafter, the P. E. S. basketball girls will practice against the town team. Let's have everyone out for practice.

A very interesting talk was given by Mr. Warner and Rev. Eva on Monday morning concerning the Red Cross work. We will all do our part to make the campaign a success.

Farmington football team played Dearborn last week Wednesday. Farmington won by a score of 6 to 0. The good playing of the team showed up against the heavier Dearborn team.

Fullback Clinton Tredway made the touchdown aided by good interference. Farmington showed speed throughout the game; F. Stamann and R. Catherman making good gains around the end and through the line. Himmann Nichols was not able to play on account of a previous injury, but will be back again Friday.

The Camp Fire Girls' dance last Thursday night was a much enjoyed party. The gymnasium was appropriately decorated with jack-o'-lanterns, pumpkins, cornstalks, orange and black crepe paper. Several novices from out of town, who attended the dance said that they had never seen a more tastefully decorated hall.

The Camp Fire organization is a purely school affair, and its members feel that the citizens of Farmington are supporting the school as they should, therefore, they consider that expenses were not made on this party.

Following is the schedule of gym hours for the various athletic organizations of the school and village:

The gym is reserved for high school on each night until eight o'clock; on Monday nights the girls' independent basketball team has the use of it from 8 to 9:30; on Tuesday and Friday nights it is open to business men wishing to play indoor baseball or other games from 8 to 9:30; on Wednesday and Thursday nights from 8 to 9:30 it will be used by the independent men's basketball team. The schedule went into effect this week.

It is understood, however, that the school reserves the right to use the gym at any time for scheduled games and school affairs.

Do you want to sell? Let people know it through our liners. It only costs a trifle and pays big interest on the investment.

A PECULIAR ACCIDENT

John Arthur Falls Over Horse and is Badly Injured

Early last Monday morning as John Arthur was driving the horse along the barn he fell over one of his horses which was lying down and broke his leg above the ankle and badly crushed and fractured the member.

Taking a lantern Mr. Arthur went to the barn and lit it up on a nail. As he did so he noticed one of the horses was lying down, but on coming back from another part of the barn he forgot the fact, and stepping into the stall fell prostrate onto the horse, badly fracturing the animal. In the excitement the animal in floundering to get up struck him with one of its hoofs, tearing his shoe, completely off his foot and breaking his ankle, besides badly bruising and tearing the flesh.

Mr. Arthur, not being able to make the falls bear, managed to crawl on his hands and knees to the house, when medical aid was summoned and he was made as comfortable as possible.

The accident is a very serious one, considering Mr. Arthur's age, and it is feared he will never fully recover the use of his leg.
