### The Breakfast You All Enjoy Is Electrically Prepared

We emphasize "ALL" because, with ELECTRICAL AP-PLIANCES on the table, running back and forth to the kitchen for fresh tosat or hot coffee is no longer necessary.

The ELECTRIC PERCOLATOR makes the coffee uniformly

fect—Every morning.
The ELECTRIC TOASTER browns the toast as you watch

it—at your elbow.

The second cup of coffee and the second piece of toast will be just as perfect as the first.

We are featuring TOASTERS and PERCOLATORS in easy-to-buy combinations, as well as separately.

Drop in the next time you are in our vicinity.

# Customers'Co-operation

The equipment of all public service enterprises in Europe, whether publicly or privately operated, disintegrated terribly during the Great War.

There were not funds sufficient to keep them up to standard.

As a result the serence of public utilities was greatly impaired and much time and money will be required for their restoratio

In the meantime the public is inconvenienced.

America has been more forunate. Her wire using companies have been excellently well maintained. This has been due to untiring effort and vigilance upon the part of operating officials and the public's willingness to pay liberal rales. The Telephone Company must continue to charge rates sufficient to maintain good service, since every element enlering into that service characteristic advances in the service characteristic and the service characteristic advances of the service characteristic and the service chara

The successful telephone company must have cordial co-operation of its parrons, particularly respect to the payment of fair rates.
