Along with the men of the navy the War Savings stamp is following the war savings stamp in the Mediterranean and the government savings securities are as much a part of the battleships and cruisers as the straightening out the tangled affairs of Asia Minor as the ammunition hoists.

A letter received by the savings division from Capt. David F. Boyd, commanding the U. S. S. Olympia at Constantinople, brings the information that the theft campaign on that vessel has been stopped in its tracks by Lieut. H. K. Kneib. Captain Boyd gives assurance of the co-operation of himself and his men.

## The Fordson Tractor

We have already received orders for Fordson tractors for spring delivery. The indications are that there will be a spring demand for double the number of Fordsons that it will be possible to obtain. We are unable to get single tractor without a buyer's order, that is, it is impossible for us to buy tractors and stock them preparatory for spring sale. We must have your order now or soon in order that we may get your Fordson and have it ready for you when you want it, otherwise a delay or possible disappointment in delivery is inevitable.

ORDER YOUR FORDSON TRACTOR NOW!

## Only a Limited Number of Ford Cars

There are mighty good reasons why you should buy your Ford car now. But the biggest one is that there are only so many Ford cars—just a specified, limited number—allotted to this territory. Those who buy their cars now will be wise. They will have them to use whenever they wish.

Don't put it off—next spring, even next month, in an uncertainty. We cannot take orders for spring delivery. Even now, we must have signed bona-fide orders before our monthly allotment is shipped us. So the only way for you to be sure of getting a Ford car, is to order it now. Get your name on an order. It is your protection.

Again we tell you, the allotment for this territory is limited and you must buy now while deliveries are possible. As ever, the demand for Ford cars is away in advance of production. So it's first come, first served. Spring, summer, autumn and winter are all the same to the Ford car. It is a valuable servant every day of the year. Rain or shine, it is ready for your demands. Buy now and get prompt delivery. You won't have to store it. You can use it. Buy now while the buying is possible.

BANDITS ATTACK HARBOR, THINKING HIM ARMENIAN

Because he and members of his party were mistaken for Armenians, Maj. Gen. James G. Harbord, head of the American Mission to Armenia, narrowly escaped death at the hands of a band of marauding bandits a few miles from Mount Ararat. Major General Harbord has just returned to the United States and made a report to President Wilson on the distressing conditions in the Near East, where Armenian charity is saving thousands of lives through the Near East Relief.
