SAVINGS CERTIFICATES OUT; INVESTMENT VALUE SHOWN

"They Always Are Worth More Than You Paid For Them," Slogan of 1920.

"They are always worth more than you paid for them."

With this as their slogan representatives of the War Savings organization of the Seventh Federal Reserve district are touring the states of Illinois, Indiana, Iowa, Michigan and Wisconsin showing banks, corporations and individuals the high investment value of the 1920 Treasury Savings certificates of \$100 and \$1,000 denominations. This form of government security has been placed in local banks, and for the financial prosperity of the nation and the individual, the government is urging a wide distribution.

The Treasury Savings certificates, which are virtually "Baby" bonds, bear interest at a rate a little better than 4 1/2 per cent. The price of the \$100 certificates for January is \$92.40; February \$92.60. The price increases 20 cents a month. The \$1,000 certificates may be purchased in January for \$924 and in February for \$928. This class of security increases \$2 a month.

Here are some of the attractive features of the \$100 and \$1,000 certificates:

They carry valuable tax-exemption privileges.

They cannot depreciate in value, not being subject to market fluctuations. They are always worth more than you paid for them.

They yield a substantial income, actually more than 4 1/2 per cent.

They are short term, maturing January 1, 1925.

They represent absolute safety as obligations of the United States government.

A change has been made in the terms of the 1920 certificates. They are redeemable at the treasury, beginning with the second calendar month after the month of purchase without the ten days' demand required by the terms of the 1919 certificates.

A special issue of Treasury Savings certificates has been put on the market for coupon purposes. It is possible for the holders of 1918 and 1919 War Savings certificates to convert them into these special Treasury Savings certificates, whose terms and conditions are substantially the same as those of the 1920 issue except for their earlier maturity dates.

Holders of one or more War Savings certificates of the 1918 or 1919 issue which bear War Savings stamps having a total maturity value of \$100 or some multiple of a hundred dollars—\$200, \$300, \$400, etc., may exchange the certificates for the same maturity value of Treasury Savings certificates of the corresponding issue. When two or more War Savings certificates of the same issue are offered for exchange, each one need not bear its full complement of 20 War Savings stamps. The total value of the stamps aggregates \$100 or some multiple of it. Treasury Savings certificates taken in exchange may be made out in favor of new and different owners. If the owners of the War Savings certificates so request.

Would You Write This?

ONLY those who have endured the misery and torture of kidney trouble and have found their way back to health can appreciate the feeling of gratitude and desire to help other sufferers that caused M. E. A. Shanbalt, Konauts, Colo., to write the following letter to Foley & Co.

"I am writing this that some one who needs it may see it. I was troubled with my kidneys and bladder for three long, torturing, boiling years. I had to get up as often as twenty times in one night. A man asked me if I ever tried Foley Kidney Pills. He persuaded me to try a 30c bottle and to my surprise I found they helped me wonderfully. I lost my backache and got a dollar bottle and then another, and do not know how I will make a well man out of me, sincerely yours."

If any reader of the above letter is suffering as the writer was suffering, and would like to see the action, will he not feel it his duty to pass the helpful message along?

Foley Kidney Pills

Overworked, weak or damaged kidneys and bladder by their toxic, irritating, boiling action. They have been used successfully for kidney trouble and bladder ailments by men and women for many years. They are made of the highest-grade medicinal ingredients and contain no harmful, irritating drugs. Kidney trouble manifests itself in various symptoms: joints, sore muscles, floating specks before the eyes, the result of impurities in the blood, water matter remaining in the blood stream because of the diseased kidneys, and the blood stream. It is the duty of the doctor to see that the blood stream is kept clean and free from kidney trouble, why not try Foley Kidney Pills?
