Would You Write This?

ONLY those who have suffered the misery and torture of kidney trouble and have found their way back to health can appreciate the feeling of gratitude and desire to help other sufferers that caused Mr. E. A. Shanboller, Kanab, Colo., to write the following letter to Foley & Co.:

"I am writing this because one who needs it may see it. I was troubled with kidney and bladder trouble for some time and could not walk or ride, and I had to get up every night to urinate. One night I was asked if I ever tried Foley Kidney Pills. He persuaded me to try a 50 cent bottle and to my surprise I found they helped me wonderfully. I went back and got a dollar bottle, and then another, and I do believe they will make a well man of me. Sincerely yours,"

If any reader of the above letter is suffering as the writer was suffering, and desires to see Mr. Shanboller's letter, will be not feel it his duty to pass the helpful message along?
