FRED M. WARNER,

MYRON PIERCE,

HOWARD M. WARNER,

Directors

Didn't Quit Business

MERCHANTS and clerks, store and office employees, factory workers, housekeepers and other indoor workers are subject to kidney trouble—particularly if middle-aged or older. Mr. John Mallos, Coppenopolis, Calif., writes:

"I had a very severe case of kidney trouble and for a time thought I would have to sell out my business. I could hardly stand on my feet. I used three bottles of Foley Kidney Pills, and they entirely cured me, and I have never had a recurrence of kidney trouble since. I certainly can recommend Foley Kidney Pills."

Poor health is the worst handicap a man or woman can have in life, and good health is impossible if the kidneys are out of order.

Foley Kidney Pills

The kidneys must do their allotted task continuously without fail. The blood stream is to be kept free from poisonous waste matter that Nature intends to be filtered out and washed from the body. When the kidneys become inflamed, waste, inactive, and unable to do their work in any way, the blood stream becomes infected with various impurities that cause backache, rheumatic pains, or swollen joints, sore muscles, lameness, puffiness under the eyes, spots in vision, nervousness, weakness, or frequency of the bladder, watery or dry skin, bad odor of perspiration or other symptoms.

Try Foley Kidney Pills—a safe, useful and reliable medicine that cleans, strengthens and invigorates inactive, weak and diseased kidneys.

Sold at Smith's Pharmacy, Farmington.

Fordson Tractors

A Monument to Their Greater Efficiency

The Fordson Tractor

The "Fordson" Tractor is the result of extensive trials and experiments conducted by Mr. Henry Ford, covering a period of many years.

Experience has pointed to the small, light tractor as being the one machine which will fill all varying conditions satisfactorily.

In developing the "Fordson" Tractor, the aim has been to produce a small tractor which will be

LOW IN FIRST COST, RELIABLE, AND ABOVE ALL—EFFICIENT

Being small, light and economical, the "Fordson" Tractor is adapted for use on small farms, as well as on the largest. It will pull all farm implements and do the work generally done by horses on the farm. In addition, by its belt pulley the tractor will drive farm machinery such as a thresher, ensilage cutter, sawmill, etc. making the "Fordson" truly universal tractor.

In design and construction "Fordson" simplicity of operation and construction will be a once appeal to the farmer.

Special devices were perfected to keep out the dust and dirt. All moving parts are enclosed and thoroughly lubricated. The number of lubricating points requiring attention are very few and easily gotten at.

There are thousands of acres of land in Michigan and Wayne County—yes, even within 20 miles of the heart of Detroit—that are unproductive because they are uncultivated.

The "Fordson" Tractor can go into these acres and quickly transform them into soft, attractive, productive yielding ground—and production is the great subject of the day.

Farmers business men and municipalities—all land owners in fact need the wonderful "Fordson" Tractor.

Ford

THE UNIVERSAL CAR

Only a Limited Number of Ford Cars

There are mighty good reasons why you should buy your Ford car now. But the biggest one is this: there are only so many Ford cars—just a specified, limited number—allotted to this territory. Those who buy their cars now will be wise. They will have the use whenever they wish.

Don't put it off—next spring, even next month, in an uncertainty. We cannot take orders for spring delivery. Even now, we must have signed bona-fide orders before our monthly allotment is shipped us. So the only way for you to be sure of getting a Ford car is to order it now. Get your name on an order. It's your protection.

Again we tell you, the allotment for this territory is limited and you must buy now while deliveries are possible. However, the demand for Ford cars is away in advance of production. So it's first come, first served. Spring, summer, autumn and winter are all the same to the Ford car. It is a valuable servant every day of the year. Rain or shine, it is ready for your demands. Buy now and get prompt delivery. You won't have to store it. You can use it. Buy now while the buying is possible.
