LEONARD WOOD in asking your support makes a FRANK STATEMENT of where he stands on ALL of the vital issues of the day, not merely on one or two. Read over these twenty-four points in his virile, All-American platform and see whether YOU agree with him on the great majority of them.

WOOD'S PLATFORM

1. National economy at Washington.
2. The federal government behind expansion of honest business at home and abroad.
3. Federal suppression of all dishonest business.
4. More friendship and a square deal between capital and labor; capital to pay well, labor to work well; each to be fair toward the other.
5. Removal of the excess-profit tax that is strangling business.
6. More producing, less spending; a saner cost of living.
7. A longer term of years to pay the war debt.
8. America to have a bigger hand in the trade of the world. A powerful merchant marine.
9. More careful sitting of immigrants at Ellis Island and on the other side.
10. Deportation of all the anarchistic Reds.
11. Better housing conditions, to make better family life.
12. Abolishment of child labor.
13. Political equality of women with men.
14. A short term of universal training of youth for national service.

not to make America a country of soldiers, but a country of finer citizens.

15. A higher standard of physical morality in men, for happier American homes and healthier children.

16. Fairer pay for school teachers.

17. A national department of public health, at its head a medical man who shall be a member of the cabinet.

18. A national department of agriculture, administered for the farmers by men who really know farming from the furrow to the crop.

19. Fewer tenant farms, more owned farms.

20. The protection of the American government behind an American wharver he may be.

21. A diplomatic service which shall command confidence at home, demand it abroad.

22. Law and order supreme; security of the rights of property; no class legislation.

23. A League of Nations covenant with reservations which will preserve to America the right to exercise in any crisis which may arise the voice of the American people.

24. For ourselves and toward the world: One Flag, one language, one loyalty.

A Vote for Leonard Wood is a vote for a candidate who does not evade any issue. It is a vote for a man whose backers will continue to support him at the National Convention as long as he remains a candidate. Don't waste your ballot on a complimentary vote for a candidate whose support will be switched to some other candidate now unknown to you—One candidate whose name is not on the ballot in Michigan, and about whom you consequently will have no opportunity to express an opinion is acknowledged by Republican Leaders to be the strongest opponent Leonard Wood will encounter at Chicago.
