# Fordson Tractors

## A Monument to Their Greater Efficiency

### The Fordson Tractor

The "Fordson" Tractor is the result of extensive trials and experiments conducted by Mr. Henry Ford, covering a period of many years.

Experience has pointed to the small, light tractor as being the one machine which will fill all varying conditions satisfactorily.

In developing the "Fordson" Tractor, the aim has been to produce a small tractor which will be

LOW IN FIRST COST, RELIABLE, AND ABOVE ALL—EFFICIENT

Being small, light and economical, the "Fordson" Tractor is adapted for use on small farms, as well as on the largest. It will pull all farm implements and do the work generally done by horses on the farm. In addition, by its belt pulley the tractor will drive farm machinery such as a threshing machine, sawmill, etc. making the "Fordson" a truly universal tractor.

In design and construction "Fordson" simplicity of operation and construction will at once appeal to the farmer.

Special devices were perfected to keep out the dust and dirt. All moving parts are enclosed and thoroughly lubricated.

The number of lubricating points requiring attention are very few and easily gotten at.

There are thousands of acres of land in Michigan and Wayne County—yes, even within 20 miles of the heart of Detroit—that are unproductive because they are uncultivated.

The "Fordson" Tractor can go into these acres and quickly transform them into soft, attractive, productive yielding ground—and production is the great subject of the day.

Farmers business men and municipalities—all land owners in fact need the wonderful "Fordson" Tractor.

THE UNIVERSAL CAR

### Only a Limited Number of Ford Cars

There are mighty good reasons why you should buy your Ford car now. But the biggest one is that there are only so many Ford cars—just a specified, limited number—allocated to this territory. Those who buy their cars now will be wise. They will have them to use whenever they wish.

Don't put it off—next spring, even next month, in an uncertainty. We cannot take orders for spring delivery. Even now, we must have signed bona-fide orders before our monthly allotment is shipped us. So the only way for you to be sure of getting a Ford car, is to order it now. Get your name on an order. It is your protection.

Again we tell you, the allotment for this territory is limited and you must buy now while deliveries are possible. As ever, the demand for Ford cars is away in advance of production. So it's first come, first served. Spring, summer, autumn and winter are all the same to the Ford car. It is a valuable servant every day of the year. Rain or shine, it is ready for your demands. Buy now and get prompt delivery. You won't have to store it. You can use it. Buy now while the buying is possible.

FARMINGTON, MICHIGAN  
"The Bank Good Service is Building"

### Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

1. FOR THE CHURCH'S WORK AT HOME. A score of millions come under this head. God's work on earth is a half million people in the United States cannot be reached. Who is to carry forward the great work of Americanization if the church does not?

2. FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.

3. FOR HIGHER EDUCATION. Of the 400,000 American students in institutions of higher grade, the half are in institutions founded and supported by the Church. Many of these institutions have had no great endowment campaign, but their needs are just as pressing as the needs of larger schools, and you have only to read their list of alumni and alumnae to see the value of their contribution to America.

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

United Financial Campaign April 25th May 2nd

The INTERCHURCH World Movement of North America
