

THE FAR CALL

THE FAR CALL

THE FAR CALL

nopris. — John Levington, a., 'stionary and impractical, Mary Martin, the daughter of and worldy bearing, hear the property of the control of t

Can you imagine yourself under-ting such a task as that given Con vington, a task from which you uld probably never return?

CHAPTER II-Continued.

CHATTER II—Continued.

It was Andrew March who had found him running wild, one spring night in lower Cinchnait, with a gun speaking from each hand. The wor call was in. Andrew March had, by the grace of God. appeared, beheld also, inderstood. The referry man had recognised the engligerial manness of the property of the property of the property of the property of the foundation of the real boile of it. the feet pebelling against the utilities of parements. March had been of the the recognition of the property of the foundation of the found

from the wine-sogged streets that wanted bim. March's tousekeeper. Mrs. Annes, a cheerfully dazed woman whose narrow hody never recovered from the exertions of yesterday, opened the door to them. They went directly to the stairs and ascended to an open door from which firelight danced out into the billway.

stairs and ascented to an open door, from which firelight danced out into the hallway.

As they entered, a very old man put down his book and turned to face them. There were no glasses before his eres, and through the pailor of age on his face showed yet a seasoned except.

on this silk is-the route itself, in-tended for the return journey of their messinger."
"What are the words?"
"All prayer-signs, save-one, which reads "Shansung." You know the vil-lage. Andrew."

those is our transfer of the control of the control

It was not pleasant, my son. The centers of the world have shifted many times, yet that welled realm of men with the property of the property of the world and the world a

on this aik to the route itself, included for the return journey of their needs and the route of their inespinger."

"What are the words?"

"Alt prayer-signs, save-one, which reads 'Shan-sung.' You know the villinge,' Andrew."

Stephen March's son know it, biftering, 'Andrew."

Each dot marks a day's travel, I single was not inclined to stack world, 'Down and 'Shan was sweet ward.

Each dot marks a day's travel, I single was not inclined to stack world, 'Down and 'Shan was sweet ward.

Each dot marks a day's travel, I single was not inclined to stack world by possessions. His very humble agents in the low of the wild."

Each dot marks a day's travel, I single was not inclined to stack world by possessions. His very humble of the world in the bid of the killed in the world was a sked to the low of the travel of the world was a sked to the search was a swider of the world was a sked to the world was a sked to the world was a sked was been done and the proposed to the world was a sked to the world was a sked was only a courtesy, as Conrectledge the old man.

Here was the boundary of Levinger to the fail by the world was a swider was the world was a swed to the grade of the world was a swed to the search was the world was a swed to the grade of the world was a swed to the search was a swider was the world was a swider was a swider

"I nave tota you." continues the gray-haired friend, "that probably you will never return."

Their giances met and haid a moment. The elder longth a possible trace of fear, but jud not find it. Levington had be good to the desired of the finding of the finding

The darkness, soft and satiny. He passed fitted on, down through the darkened house, n of and suddenly found himself wishing gone he had not paused before the open as at door.

door.

Precaution in leaving the March house was part of Con's instructions. Wintever the Chinese cook might have told his master, and young Wedger in turn communicated to the po-Winterer the Chinese cook might have told his master, and young Wedger in turn communicated to the police after the sligular occurrences in the Wedger patry. Levington felt safe for the present. He doubter if Chee Ming would gare give an unnest account, because of the content of the country of the country

atephen's Ears Were shut te the Crise of Geld.

he had fanciful the familiar oder. Then he highed at himself and began to rited down his fear He passed for ond the little pond, where suiting. Beyond the little pond, where suiting had tolked the shrinber's risk Tived a drier music to its rustling. Beyond this was a barred gale in the wall. Levington drew it back, glanced once at the dark house on the hill, and emerged upon the lattest. More than three score years before. Stephen March had faced the West. A hoy of seventeen, he had taken the prairie wagon trails to San Brancisco. and here he had heard istange stortes. Seamen blue had been storted and the same had heard istange stortes. Seamen blue had been storted and here he had heard istange stortes. Seamen blue her he had heard istange to the him cover the unbecking. Tot. Juffar Often his less knees ribbed the table in a certain saloon where he could driak the wine of Daungaria, and once, as the slow rich blaze crept into his velus, some one spoke of the Gobl. It seemed then he remighered many things he had never known. He went next day to the same falls, and the next, but could not find the mad who had spoken. He almost believed, has the wine tack that whispered to him, but now the deepest cup was mute. Stephen's earn were shut to the cries of gold. The Moroma, with the cries of gold. The Moroma, with the cries of gold. The Moroma, with the cries of gold. The Moroma with the mad the man to the cries of gold. The Moroma with the cries of gold. The Moroma with the cries of gold. The Moroma with the mad the man to the cries of gold. The Moroma with the

the water tead unspered to film, but now the deepest cip was mute. Stephen's ears were shut to the cries of gold. The Morgona, with solemn words and midded, could not detail him. Adventures' from Spain drew him to the produments. There was a cell to him from across the shining bay, and beyond. In the westenges the discussion of yerba beens was nothing to him until a Swedish captain roared from out his thirst a comparison with the good herbs of Asia, making pointed reference to the poppy and the hemp-resin, also to the magic korest. Selphen March went with the Swedish (expital). Numberiess sailing ships had anchor-

with the Swedish capitaln.

Numberless sailing-ships had anchored in the bay, many of them forever.

Their crews had secented gold in the hills, and their decks were deserted.

Perhaps the red and shouting Swede was glad of the hoy's homage. Certainty it was good business to ship him.
