State Orders "T" Brand For Tuberculous Cattle.

By a recent order of the New York commissioner of agriculture, all practicing veterinarians in that State are required to brand cattle found by them to be affected with tuberculosis. The order specifies that the brand shall be the letter "T" not less than 2 nor more than 3 inches high and on the left jaw.

The new regulation, which became effective in March, was issued by Commissioner Charles S. Wilson under authority of the Agricultural Law.

The order applies to all bovine animals within the limits of the state. Veterinary experts of the United States Department of Agriculture consider it will be of great value to live-stock breeders of New York. And also an important step for any State to take in the progress of tuberculosis eradication. Reactors are permanently marked by the branding process and in cases where they are not slaughtered the possibilities of their being disposed of, is greatly lessened.

AS MEDICINE

Books are frequently referred to as tools and as the key to the treasure trove of knowledge. The American Library is daily demonstrating in U. S. Public Health Service Hospitals that convalescent soldiers and sailors find returning health and increasing strength in good books.

New Orchard Lake Division
Time Table on May 18

Slight changes are made by the new schedule.

Cars at 11:48 p. m. and 1:03 a. m. out of Farmington will run to the Junction only.

A car will leave the Junction at 5:30 a. m. for Pontiac and regular service from that time on will not be affected, except that there will be an extra car at 9:55 p. m. and a car at 10:55 p. m. instead of 10:00 p. m. There will also be a car at 12:20 a. m. instead of midnight.

Detroit United Lines

MICHIGAN FAIR NOW
LARGEST IN WHOLE U.S.

Largest state fairs in the United States are those conducted by Texas, Minnesota and Michigan. The bits of these great states run along up-and-down, but last year, Michigan went into the topmost position. Others followed in this order: Iowa, Minnesota and Texas. G. W. Mason, Secretary-Manager of the Michigan fair, believes that this year's Sept. 3-12, will confirm the World's State in its position of supremacy. Michigan's industrial cities, and great exhibits of manufactured goods, help the success of the show. The farmers of the state are not to be left out.

LIBERAL PROGRAM IS
CREED OF CHURCHES

The creed of the churches adopted by the Federal Council of Churches of Christ in America, spikes the report that the church is losing its sympathy for the worker. Among its demands are:

- Abolition of child labor; protection of workers from dangerous machinery; protection of workers from enforced unemployment; suitable provision for workers in old age; for the right of employees and employers alike to organize, and an adequate means of labor condition; at least one day's rest in seven; a gradual and reasonable reduction in the hours of labor to the lowest practical point, and for that degree of leisure which is the difference of the highest human right.
