

## THE PENDULUM WILL SWING BACK.

In the past, high wages and a scarcity of labor have always been followed by periods of depression when wages were low and men unemployed.

Again the pendulum will swing back. The time will come when money in the bank will mean food and clothes to people out of work.

Save now for that time. This bank will help you.

On Friday last, dogs got into the pasture with Harry Young's herd of cattle and chased them for some time, jumping at their heads and tearing them up considerable. Mr. Young has found out who the dogs belong to and has warned the parties to keep them tied up.

## Now Are You Spraying?

If you get the bugs, you get the fruit. Use PYROX prepared paste for all leaf insects and fungus. We have it put up in 1, 5 and 10 pound containers. All you do is add water and it's ready to use. Arsenate of Lead in containers or by the pound. Remember, it pays well to spray.

## GARDEN HOSE

In 50 foot lengths. Nozzles, Lawn Sprinklers and Hose Reels. They are all good for the lawn and garden.

## HAMMOCKS

They are hard to get but we have them. Pick yours early.

## ICE BOXES

Have you thought of them? Better get one and save your food and keep sickness away.

## BICYCLES

The season is on and all boys need one. We have some especially good ones. You will do well to own one. They are the best made, good lookers and equipped with good tires. The finest thing a boy ever owned.

## SCREENS

Screen doors in all sizes and of several different grades. Sliding Window Screens and Wire Netting. Get ready before the flies do.

## FISHING

Don't this weather make you itch to try your hand at the favorite sport? You will find here everything you need to do the trick properly: Sunny Brook Steel Poles, Reels, Hooks, Bait 'Em-Bate, Dowagiac's, Lines Floats and Nets, all of the best quality and the best prices anywhere.

## LAWN MOWERS

Don't lose your temper and spoil your disposition with the old grass cutter. Come in and get a new Standard Lawn Mower and be proud of your good nature and your lawn.

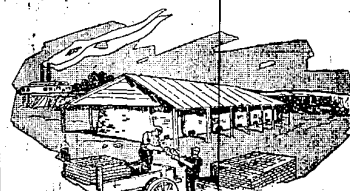

New Columbia Records this week.

## The Worth of a Brick

In the right place and when needed a brick is worth a whole lot. Just a few years ago you could buy common brick at \$7 a thousand. Now we are compelled to pay \$22 per thousand—and we use a lot of them.

Clay costs more, getting it out, shaping, burning, shipping, unloading, all cost much more because the demand is high, largely due to the widespread resumption of building which was held up by the war. Labor costs, too, are a factor, a big factor, today.

The brickmaker and bricklayer right now earn more than ever before.

Then we must use cement along with the brick in our manholes and buildings, and that is away up, the increase in five years being more than 100 per cent.

Clay conduit, which we use by the dozen carloads has increased nearly 300 per cent. Trenching costs are up proportionately.

All these items greatly increase the cost of your telephone service, but our rates did not increase proportionately. How are we to pay the bill?

WE MUST HAVE YOUR SUPPORT IF YOU ARE TO HAVE THE TELEPHONE

## Do You Know The Secret of Essex Leadership?

IT IS THE NEW LIGHT TYPE WITH BIG CAR ABILITY

Lightness today is an overwhelming advantage in a motor car, provided it means no sacrifice of fine performance, endurance or distinctive appearance.

Yet, prior to the Essex, what car combined all these qualities? There were light cars to be sure. But none to meet the requirements of those who exact the highest standards of ability, comfort and good looks.

Had such a type existed, Essex could not have won such swift dominance. It could have set no world's selling record as it did, with a greater total paid for Essex than for any car ever brought out in its first year.

The very suddenness of its success shows how its qualities commanded attention. For men are not quick to buy a car that time has not proved.

And the Essex came unknown. Merit was its only advocate for recognition. Its quality was instantly obvious. In looks, in action, its appeal was dynamic. And it drew immediate response from all classes of motor users.
