A VERY PRETTY WEDDING

Took Place at the Home of Charles White Wednesday Evening.

A very pretty wedding was solemnized at the home of Mr. and Mrs. Charles White, when Miss Marie Geister was united in marriage to Mr. William White before a party of 125 invited guests. The home was beautifully decorated with roses, sweet peas and ferns. The bride party, to the music of the wedding march, was led by the groom's sister, Miss Martha White. The couple stood beneath a large wedding bell. The bride's dress was of white georgette crepe over white silk and a full veil. She wore the beautiful bridal wreath that her mother wore 32 years ago and carried a large bouquet of white roses, sweet peas and smilax. The two bridesmaids, Miss Mabel Douglass and Miss Anna Beibert, were gowned in white georgette and carried pink roses and sweet peas. The two groomsmen were Charlie White, brother of the groom, and Harry Geister, brother of the bride. There were 18 guests seated at the bridal table while 125 were served at the wedding supper. They received a large number of beautiful presents. After the supper a reception was held, after which a short dancing program was enjoyed. Miss Gates, Mr. Newman and Mr. Heiler furnishing the music.

Ladies' Literary Club

The banquet of the Ladies' Literary club on June 9th was carried out with more than the usual pomp and precision. Several auto loads of ladies drove thru to Ypsilanti where the festive occasion was held at the home of Martha Hatten, arriving shortly after noon. In splendid trim for the excellent three-course luncheon, Miss Hatten had charge of the program for the afternoon. Three student friends favored the ladies with a piano solo, a reading from "Within the Law," and a group of sweet songs. After which Mrs. Bessie Leach Priddy, Ph. D., dean of the Ypsilanti State Normal, spoke conclusively of interesting facts concerning the Civic department of the General Federation of Women's clubs.

Mrs. Priddy is acting head of the above mentioned department which she so thoroughly understood and presented in a masterful way.

All those present were invited by Miss Hatten to the Normal Training Department to view the art work of the different grades.

At the end of this perfect day the hostess served ice cream and cake and the joyful company reluctantly turned homeward.

Obituary

August Esch was born May 6, 1868, in Germany. He came to Detroit with his parents when but 14 years of age. Here he was later united in marriage to Louise Herman. Nine daughters and one son were born of this union. Two daughters and the son have already answered the call of death. His wife died in the month of November, 1918. Seven daughters, five son-in-laws and five grand-children survive him. Mr. Esch died June 4, 1920, at the age of 62 years and 28 days. The funeral services were held from the home on Monday, June 7th, Rev. Roth officiating. Interment was in Oakwood cemetery.

American Legion Gives Dance

Wednesday evening, June 10th, the American Legion Post of Milford will give a dance in the Town Hall at New Hudson, Mich. for the purpose of raising funds for the Legion. Music will be furnished by Montgomery's 4-piece Orchestra, singer and xylophone soloist, of Northville. The party promises to be one of the best all round, good times ever held in this vicinity. Everyone is invited to attend.

Urges Better Protection For Cotton.
What would you say if you saw man deliberately destroy \$70,000 worth of clothing by piling it in a rainstorm? No one has done precisely that, but what has actually occurred is no less wasteful than that act would be.

Specialists of the Bureau of Markets, United States department of agriculture, conservatively estimate that during the past year cotton growers of the United States suffered a \$70,000,000 loss through damage to cotton by exposure to weather. They say that, after ginning, cotton is permitted to remain in the weather for months at a time instead of being properly sheltered, and that although cotton is one of the hardiest of farm products, its strength is not sufficient to withstand such exposure to the elements.

The Bureau of Markets maintains that the amount of money lost through this cause in a single season would probably be sufficient to build the warehouses needed, and that after the first year these warehouses would become practically surplus assets in the hands of the farmers. It advocates also the construction of such warehouses upon a cooperative basis, if necessary, and is prepared to advise those interested in undertaking such projects.

It is also pointed out that receipts covering cotton stored in properly operated warehouses are accepted generally as collateral for loans, the interest charges for which are more than paid for by the profits accruing to the farmer through his ability to sell his cotton as it is needed by the mills.

Exchange

The highway motor cops of Oakland county have been trying to speed up on a lot of speeders who seem to think the country are speed ways or race tracks, and some arrests have recently been made near Milford. Some mistakes may have been made by the officers, to be sure, but it is more than likely that every fellow arrested was guilty of speeding. Instead of upholding the officers in their efforts to enforce the traffic laws some people are making excuses for fear some one will decide to buy their sodas and peanuts in some other locality. This action on the part of the public is

one of the reasons why so many officers wink at law violations. They realize that public opinion will not sustain them if they make arrests and why should they get themselves into trouble. The public should uphold officers who are striving to do their duty for the protection of human life, and fellows arrested for speeding ought to be given the limit. Our highways are becoming crowded with motor cars and one careless, indifferent driver can cause a lot of damage. If, however, motorists realize that they must obey the traffic laws and that they will be taken into custody if they do not, a lot of this fast, reckless driving will be stopped.—Northville Record.

HIGH SCHOOL BASE BALL TEAM

Again the high school base ball team took two out of three games. The boys were defeated at Wayne 12 to 11. They were victorious over Northville at Northville in a close, hard-fought game by a 6 to 5 score. Tuesday they went to Belle Isle and again defeated the D. U. S. 9 to 4. This was the first game in which our boys have done any "Babe Ruth" hitting. Lester Harger and Hinnam Nichols both pounded the ball out for complete circuit runs. Harger also got a three base hit with the bases full and two down.

The boys won seven of the eleven games on their schedule and felt they have done well, considering the material they had for a team. However, they played well together and for the interest of their school. A great deal of credit is due each member of the team as well as to the subs for their loyal support. Special credit is due to Catherman and Tredway, the regular battery. With these two back on the job next spring the school should have an even more successful base ball season.

Friday, today, the Four Square League annual field meet is held at Wayne. All members of the league will compete. Although Farmington hasn't taken part in that kind of athletics as yet, we will enter some men and win what points we can. Track work is new to our men and we don't know exactly what to expect of them.

All the High schools in the league will be closed for the day in order that the various track teams may have a lay' bunch of rosters. The winning school will be given a silver cup to be kept permanently. Up until this year, a team has had to win three successive meets before they became owners of the cup.

It is expected that the Alumni will assemble a team to defeat the high school team some day next week. I should be an interesting game. The date will be announced later.

Fires Barns for Revenge

On Tuesday evening the barns of Richard Curran, of Southfield, were burned to the ground, with a quantity of grain. It seems that a few years ago, Mr. Curran discharged a young man who was then working for him. The young man left with the threat to burn Mr. Curran's barns. He returned later and cut up several harnesses and set fire to a straw stack. He was arrested and sent to jail.

Tuesday he escaped and immediately started for the Curran farm and set fire to the barns. Jay Newman discovered the fire and as he was leaving the house he passed a young man in the road and asked him where he was going. He was told, to Pontiac, whereupon Mr. Newman asked him to ride with him. On the way to Pontiac he confessed to Mr. Newman that he had attempted to set fire to the barns three times. He was detained in Pontiac until Mrs. Curran arrived to identify him and he is now awaiting trial in the Pontiac jail.

Ideal Section in Lincoln Highway

There is to be constructed on the Lincoln Highway, the great national road stretching across the country from ocean to ocean, an "ideal section" which will em-

body the highest ideals of modern American highway construction. This section will serve as an example to the road builders of the world seeking information as to the best and most satisfactory type of road that can be built.

The funds for building this section will be provided by the United States Rubber Company. In announcing the company's willingness to pay for the section, Vice-President J. N. Gunn said:

"The desire of the company in authorizing the appropriation is to advance public knowledge regarding proper permanent highway construction, and to stimulate on the part of those who have in charge the construction of America's public roads, a careful consideration of the needs of the future in undertaking present construction."

The specifications of the "Ideal Section" have not yet been decided. A questionnaire has been mailed to every highway commissioner and engineer in the United States asking for suggestions. The location of the section has not yet been selected, but conditions on the Lincoln Highway in Ohio, Indiana, Illinois and Iowa indicate that one of those states will be chosen.
