

## POWER

In that little difference between what you earn and what you spend lies financial power.

For, if you will consistently spend less than you earn, wealth and all that goes with it is yours.

A savings book will help you at the start and we have one for you. Call for it now.

## Gildemeister's Peerless Flour

Excellent for Pastry

HAVE YOU EVER STOPPED TO CONSIDER YOUR SIGNIFICANCE ON THIS EARTH?

Considering the hundreds of generations past and those to come, and the millions of people in each generation, do you not owe yourself the best during your short stay on earth?

Life is too short to waste time on any operation, be it the home or factory, if it isn't accomplished quickly or efficiently.

Electricity has worked, and is working wonders for those who are availing themselves of it that it offers. You too can enjoy its many applications and comforts at a small cost.

## Keep Cool

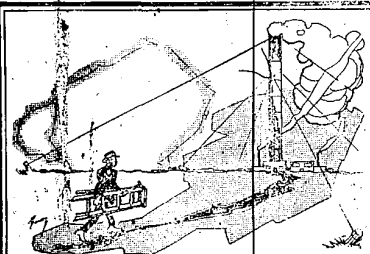

Get one of our ELECTRIC FANS. A ten inch Westinghouse or an eight inch Menominee oscillating electric fan will keep your disposition sweet and make life worth living. Make your home or office a welcome place.

## Are You

Throwing away eatables and letting the milk sour every day now? You better have one of our ICE BOXES and let Gene Grace keep it full of ice. It will save you money and save your health. The two best things you will ever have.

## Some New

KITCHEN CABINETS just came in. Those good ones we get from Nappanee, Ind. They are built right and the most convenient ones you ever saw. Puts everything in the Kitchen within easy reach. Tell us today to put one in your Kitchen. You will think as much of it as you do of the baby.

## Something That is Impossible

You know it is impossible to climb a tall stack with a short step-ladder. The ladder must reach to the top.

WE MUST HAVE YOUR SUPPORT IF YOU ARE TO HAVE THE TELEPHONE

It is just the same with your telephone company. Our ladder, which is our income, is far too short to enable us to climb to the top of the growing stack of expense. If receipts do not cover the cost of service to you what must you expect? The ladder does not reach, for service is being maintained at a loss.

Costs of labor and equipment have jumped all the way from 40 to 200 percent above what they were only five years ago and are still going up. Growth of income has not measured up to the increase of expense.

STATE TELEPHONE COMPANY

## Note How Essex Trebles Motor Power

The swing of interest to light cars, led by champions of the Essex, calls for particular caution. Some may think Essex only one of a finer type, marking a general advance in standards throughout the light car field.

But the facts quickly expose that mistake. For the Essex motor is patented. No other can use it. And Essex performance so enthusiastically admired by all motorists, is the product of that exclusive invention.

Essex has set the greatest official endurance record of 3037 miles in 50 hours—it has never been equalled by any other car, regardless of size or price.

And Essex made the world's 24 hour road-record, by travelling 1061 miles over snow covered Iowa country roads.

For cars of its piston displacement, it has won every official record, from 1 to 50 hours. It has proved speed such as only the fleetest of costly cars can rival.

And in its first year, it set a selling record never equalled in motor history.
