

"The Rexall Store"

WHO IS NO. 7?

Six Farmington people have signed up for a Fall Delivery on a PATHE PHONOGRAPH. PATHE PHONOGRAPHS and RECORDS are becoming as popular as our CHOCOLATE SODAS at the Fountain.

WHY?

1. A PATHE plays all makes of records.
2. There are no changing of sharp pointed needles which cut and rip the records. The Sapphire Ball plays for all time.
3. PATHE RECORDS cannot be scratched and will not wear out like those played on needle machines.
4. They are a medium priced machine, and there are many other reasons not stated here.

The time of the evening service of the Methodist church has been changed from 7:15 to 8:00. Rev. S. D. Eva, who accompanied Mrs. Eva to New York, will return on Sunday in time for the morning service.

Precautions.
"If we take any summer boarders this year," remarked Farmer Corns, "I'm going to be up a questionaire that everybody'll have to answer."
"What for?" inquired his wife.
"So's they'll all have about the same political opinions. I'm tired of being kept awake half the night by people sitting out on the front porch arguing."

Church Services in Park.
Beginning with the first Sunday in July the Rev. S. D. Eva will conduct evening services from the band stand in front of the town hall during the Sunday evenings of July and August. These services will be of a popular kind, with special musical features, including a band, male quartettes and other musical attractions. Short and interesting addresses will be given. Community singing will be another feature. Parking space for automobiles will be available on Division St. These services should be popular during the summer months.

Oakland owners regularly report returns of from 18 to 25 miles from the gallon of gasoline and from 8,000 to 12,000 miles on tires
