

RESURFACING COUNTERTOPS is a snap with easy-to-use plastic laminates and contact cement. This bath got a completely new personality with a refinished lavatory unit with a matte-finish plastic countertop, and the addition of a gleamy new Wall-Tex wallcovering of vinyl foil.

Let us put
the "cozy"
in your
Home

Websters defines cozy as "warm and snug" and that's exactly what a coal/wood burning stove makes a kitchen, or any room in your home.
