

What's Inside Your

"VACATIONSHARES"

Townhouse?

We've done everything we could think of to make your Harbor Cove home as comfortable and carefree as can be.

Soaring cathedral ceilings accentuate the feeling of spaciousness in the upper level living area. A private balcony deck adds that extra bit of outdoor living and a woodburning fireplace gives a warm glow to a cool evening after your day of vacation activities.

Thick, shag carpet throughout is color coordinated with the decorator selected furnishings. You'll find top name brand furniture such as Drexel, Simmons, Lowenstein, General Electric Color T.V.

Appliances include G-E Frost Free refrigerator with icemaker, G-E dishwasher, disposal, washer, dryer and the fantastic JennAir range with built-in barbeque grille.

Kitchen accessories are as complete as home from coffee maker to corkscrew with everything necessary to prepare a snack or a gourmet dinner. You'll be proud to serve a meal in the fine 'Ultradine' Gloucester china with enough place settings and silverware for yourself and 7 guests.

After a day on the golf course or the ski slopes you'll sleep like a baby on Simmons 'Innkeeper Special' mattresses, soft down pillows and 'Soft Touch' Thermo blankets.

You can rest assured that comfort and luxury do not take a back seat to the rustic surroundings in your Harbor Cove "VACATIONSHARES" Townhouse!
