## Michigan artists caucus organized

A Michigan Artist's Caucus (MAC) has been formed as a result of the first Michigan Congress on the Arts held recently in Detroit.

The caucus intends to establish a statewide artists communication network and to assist in solving problems facing Michigan artists.

Some proposed projects of the MAC include: creation of a statewide artist mailing list; development of an umbrella service organization to deal with artists' needs; development of artist representation on state and federal agencies and at the White House Conference on the Arts; creation of an active lobby for concerns affecting Michigan artists; develop methods of implementing the First Michigan Congress on the Arts resolutions and to increase public visibility of Michigan artists' works.

An "Arts in Education" project will make available 300 artist-in-school visits by MAC members. The project represents \$50,000 in donated time by artist involved in MAC.

The caucus also intends to secure additional workshop facility space with the cooperation of Michigan colleges and universities. Regional discussions will be scheduled to discuss additional concerns of state artists.

Artists interested in being listed on the statewide mailing list should send their name, address, artistic medium and areas of concern to MAC's temporary mailing address at: Michigan Council for the Arts, 1200 Sixth Avenue, Detroit, Mich. 48226.

For more information on the MAC contact Tom Rudd at the same address.
